Mechanicsburg Postcard History:

Yorktown, Virginia: A Brief History Wilford Kale, 2018 Yorktown's history is often overshadowed by its pivotal role in the Revolutionary War. The site of the British surrender has held several victory commemorations over the past two hundred years. Yorktown also was a thriving colonial port and the site of one of the biggest Union blunders in the Civil War. During Reconstruction, former slaves created a vibrant community called Slabtown on the edge of the hamlet. In the 1930s, the National Park Service began preserving the battlefield. What was for decades a sleepy village is now dominated by tourism and nearby modern military installations have helped to give it new life. Join author Wilford Kale as he reveals the many facets of Yorktown.

Route 6 in Pennsylvania Kevin J. Patrick, Elizabeth Mercer Roseman, Curtis C. Roseman, 2017-05-29 Pennsylvania's mid 20th century Route 6 brought together appealing natural environments, historical events, and cultural landscapes. The eastern length of the route crosses an area featuring rolling mountains and tranquil valleys dotted by farms and towns. To the west, Route 6 traverses a more level landscape that also includes lakes. This book presents the 370-mile scenic drive as a destination in itself. It covers the secluded setting of northern Pennsylvania where Route 6 and its towns have experienced minimal changes associated with larger metropolitan regions and interstate highways. As a result, the mid 20th-century landscapes of Route 6 have lingered a little longer. The authors give the reader a peek of a past not entirely swept away.

Western Pennsylvania's Oil Heritage Charles E. Williams, 2008-10-27 The discovery of oil flowing from a well in the wilds of northwestern Pennsylvania shook the modern world in 1859. Refined as kerosene for lamps, a lubricant for home and industrial needs, and ultimately as a fuel for transportation in the form of gasoline, oil literally changed the world and defined global economics and politics. *Western Pennsylvania's Oil Heritage* profiles the history of Pennsylvania oil from its discovery and development to its impact on the culture, economy, and environment of the oil region. These vintage postcards provide a glimpse into the wide-ranging history of western Pennsylvania's oil region from the cradle of the industry at Oil Creek to the immensely productive Bradford oil field and on to cities and towns like Oil City, built largely by the black gold.

Harbaugh History Cora Bell Harbaugh Coopridge, Joseph Lewis Coopridge, 1947 Oxbridge Directory of Newsletters, 2004 **Mechanicsburg** Byron L. Reppert, 2011-01-03 Mechanicsburg, nestled in Cumberland County midway between Harrisburg, the state capital, and Carlisle, the county seat, was once known as Drytown, Pinchgut, and Stauffertown. Incorporated in 1828 and named for a settlement of mechanics that repaired Conestoga wagons, Mechanicsburg was raided by the Confederates and held for three days during the Civil War. Both the Cumberland Valley Railroad and the development of the inland Naval Support Activity Base influenced the rapid growth of this borough. Since 1924, Mechanicsburg has played host to Jubilee Day, Pennsylvania's largest one-day street fair. Western Pennsylvania History, 2005 **Kennywood** David P. Hahner, 2004 For more than a century, Kennywood has been the Pittsburgh area's playground. Founded in 1898 at the terminus of the Monongahela Street Railway trolley line, the park quickly grew into a favorite summertime destination.

Kennywood is unique in that it is one of the country's few successful trolley parks. In 1987 Kennywood was designated a National Historic Landmark and is known today as America's Finest Traditional Amusement Park. Many unique rides and attractions have distinguished Kennywood over the years. Some old favorites such as the Rockets Laff in the Dark Ghost Ship and Skooters are long gone. Others such as the Old Mill Noah's Ark Auto Race Turtle Whip and Grand Carousel still entertain guests today. Kennywood is perhaps best known for its impressive collection of roller coasters from earlier coasters such as the Figure Eight Speed O Plane and Pippin to the Racer Jack Rabbit Thunderbolt and Phantom's Revenge coasters that still thrill riders today.

The Teaching of State History in the Public Schools of the United States Lawrence Elmer Giles, 1950 Thunder on Bataan Donald L Caldwell, 2023-06-14 An incisive readable account of a group of National Guard tankers who fought in the Philippines in the opening phase of America's war in the Pacific. Robert S. Cameron, Ph.D., military historian and author of *Mobility Shock and Firepower: The Emergence of the U.S. Army's Armor Branch, 1917-1945*. The American Provisional Tank Group had been in the Philippines only three weeks when the Japanese attacked the islands hours after the raid on Pearl Harbor. Sent north to meet the Japanese landings in Lingayen Gulf, the men of the PTG found themselves thrust into a critical role when the Philippine Army could not hold back the Japanese. When General MacArthur ordered the retreat to Bataan, the PTG proved itself indispensable. During early months of 1942, the light tanks of the PTG patrolled Bataan's beaches, encircling and destroying Japanese penetrations and small amphibious landings. By April 1942, the situation had become untenable, and 15,000 Americans along with 60,000 Filipinos surrendered in one of the worst defeats in U.S. military history. The Provisional Tank Group ceased to exist, and its men endured the Bataan Death March, the torture and starvation of POW camps, the hell ships that took them to Japan and Manchuria for slave labor, and the Palawan massacre. In an evocatively written book, Donald L. Caldwell reveals the largely ignored role of tanks in the Philippine campaign. Conducting impressive primary research to bring to life the combat history of the PTG, Caldwell has dug deeper to tell the stories of soldiers from each of the group's six companies, recounting their service from enlistment, training, and combat to imprisonment, liberation, and return home. Remarkable. A well-told history, highly recommended. Jay A. Stout, LtCol Ret, USMC, author of *Air Apaches*.

Indiana County John F. Busovicki, 2003 Indiana County was little more than a collection of forests and sparse settlements when it was formed in 1803. At the center of the county lay the area that was to become the city of Indiana, a community built on land donated by George Clymer, a signer of the Declaration of Independence. Over the next one hundred fifty years, the county embraced the growth of numerous settlements, farms, logging operations, small businesses, and a booming coal industry that fueled the railroads of western Pennsylvania. With scenes of rolling hills and railroads, mining towns, and main streets from Rossiter to Saltsburg, Indiana County celebrates the region's bicentennial through nearly two hundred vintage postcards from the first half of the twentieth century.

The Western Pennsylvania Historical Magazine Charles William Dahlinger, 1978 **Pennsylvania Heritage**, 2010 **Missouri Historical Review**, 1999 **American**

Book Publishing Record ,2003 **The North Carolina Historical Review** ,2003 *Michigan History* ,2010 The
