With chapters corresponding to the chapters in Stromberg's Medical Surgical Nursing Concepts and Practice 6th Edition, this study guide provides a variety of exercises to help you master the role of the LPN/LVN. Review questions help you understand terms and apply concepts to patient care settings and realistic activities provide practice with critical thinking and clinical judgment skills. Next Generation NCLEX PN NGN style practice questions and case studies ensure that you will be ready to pass the NGN exam. Case studies help you practice and develop clinical judgment. Application of the nursing process, critical thinking activities and prioritization exercises challenge you to apply concepts from the text to real life scenarios in addition to developing clinical judgment. Next Generation NCLEX format questions allow you to review and practice for the licensure examination. Communication section includes vocabulary, grammar and cultural scenarios to help you practice communication with a diverse patient population.

**Study Guide for Linton and Matteson's Medical-Surgical Practical Nursing in Canada - E-Book** Katherine Poser, Adrienne Dill Linton, Mary Ann Matteson, 2023-10-20 With chapters corresponding to the chapters in Linton and Matteson's Medical Surgical Practical Nursing in Canada, this study guide provides a variety of questions and exercises to help you master the PN's role in Canadian medical surgical care. Review exercises include fun activities, multiple choice questions, alternate format questions and more, all divided by level of difficulty. In the chapters on medical conditions, practical questions help you apply your knowledge directly to real world patient care. This study guide provides the review and practice you need to prepare for the REx PN or CPNRE licensure exams. Comprehensive review reflects the latest Canadian Council for Practical Nurse Regulators CCPNR national PN competencies, including Ontario and British Columbia. Variety of exercises reinforces learning with matching, multiple choice, multiple response, labelling, diagram reading, fill in the blank, questions, case studies and more. Consistent format in each chapter. Part I Mastering the Basics focuses on basic knowledge and comprehension of medical surgical nursing. Part II Putting it All Together integrates chapter content related to basic pathophysiology and basic nursing content and focuses on comprehension and application levels. Part III Challenge Yourself Getting Ready for PN Examinations focuses on the application or analysis levels of cognitive ability and can include case studies, nursing care plans and nursing assessment. Questions arranged by level of difficulty move from simple recall to more difficult exercises designed to help you apply, analyze and synthesize basic concepts. Alternate format questions include multiple response, labelling, prioritizing, ordering and calculation questions to help you practice for the REx PN and CPNRE licensure examinations. Review questions on care for older adults focus on long term care and community based settings, asking you to apply content to real world practice. Additional review questions are provided on the Evolve website for the textbook.
