The NCAA and the Exploitation of College Profit-Athletes Richard M. Southall, Mark S. Nagel, Ellen J.

Staurowsky, Richard T. Karcher, Joel G. Maxcy, 2023-05-04 A well constructed and reasoned debunking of the mythology of amateurism in for profit NCAA athletics For the last 60 plus years as the revenue generating capacity of Power Five football and men s basketball has dramatically increased NCAA Division I Power Five football and men s basketball players college profit athletes have been economically exploited their labor has been severely restricted To mask this inequity the NCAA and its members created disseminated and embedded a fictitious collegiate model of athletics established and repeatedly modified for the benefit of member schools designed to ensure profit athletes were denied employment status and just compensation for their athletic labor The NCAA and the Exploitation of College Profit Athletes An Amateurism That Never Was provides a comprehensive historical sociological legal financial and managerial argument for the reclassification of profit athletes as employees Such a reclassification would permit profit athletes to gain not only fair financial compensation but also equal access to educational benefits that have been promised but systematically denied The authors trace how Power Five college sports have morphed into a hyper professionalized and commercialized sport business enterprise They provide evidence that at least since 1956 the NCAA s amateurism has been a collusive exploitative and racialized pay for play scheme that disproportionately affects Black profit athletes The authors cut through the institutional doublespeak of approved benefits cost of attendance stipends or name image likeness NIL collectives to lay bare the immorality of Power Five college sports The NCAA and the Exploitation of College Profit Athletes makes the case that profit athletes and their representatives must have the right to unionize and freely negotiate a collective bargaining agreement with management e g NCAA Power Five conferences and athletic departments In addition this book offers a forward thinking structure in which individual labor contracts or a potential collective bargaining agreement address profit athlete compensation and working conditions Pathways of the Very Young Autistic Mind Patrick O. Cinderella's Slipper Mike Nemeth, 2009-09 The Bowl Champion Series BCS is under fire from fans the media college coaches Congress and even our new President They worry that the two best teams in the country aren t consistently selected by the polls and the BCS computers to play for the National Championship At stake is prestige a place in history recruiting advantages and boatloads of cash The solution proposed most often is a playoff system to give more schools a shot at a title However the problem of team selection won t go away with a playoff system it will be exacerbated The lack of a credible ranking system is the Achilles heel of the current BCS

system Cinderella's Slipper reveals why the polls get it wrong why the BCS computers can't be expected to get it right why traditional statistics aren't useful for ranking teams and why won-lost records are misleading Cinderella's Slipper introduces the performance metrics necessary for team ranking and explains the rating system that can accurately rank teams with similar records When combined with NCAA sponsorship and an accurate ranking system a playoff scheme will produce deserving champions and will restore public confidence in the college football National Championship process College Football In the BCS Era The Untold Truth Facts Evidence and Solution Matthew J. Siggelow, 2016-11-04 An in-depth exhaustive examination of college football's system in how they determine their National Champion at the FBS level of play The facts and evidence within this research and literary work proves that college football does possess an unfair system in determining their National Champion This research possesses over 100 Tables to support the facts and evidence to prove that the BCS was unfair The author did develop a selection and seeding process for a 16 Team Playoff format which is inclusive to all FBS programs to be eligible for the 50 Million dollars on the table and to be called National Champion
