World War II Glider Assault Tactics Gordon L. Rottman, 2014-03-20 Featuring specially commissioned full color artwork the story of the perilous glider assaults carried out by the men who sometimes led and sometimes followed World War II paratroopers onto their objectives Military gliders came of age in World War II when glider assault infantry were the forerunners of today's helicopter delivered airmobile troops From the light pre war sports and training machines several nations developed troop carrying gliders capable of getting a whole squad or more of infantry with heavy weapons onto the ground quickly with the equipment that paratroopers simply could not carry They made up at least one third of the
