Owens 100 Day Diary Lee:

Retreat from Gettysburg Kent Masterson Brown, Esq., 2011-08-01 In a groundbreaking comprehensive history of the Army of Northern Virginia's retreat from Gettysburg in July 1863 Kent Masterson Brown draws on previously untapped sources to chronicle the massive effort of General Robert E Lee and his command as they sought to move people equipment and scavenged supplies through hostile territory and plan the army's next moves Brown reveals that even though the battle of Gettysburg was a defeat for the Army of Northern Virginia Lee's successful retreat maintained the balance of power in the eastern theater and left his army with enough forage stores and fresh meat to ensure its continued existence as an effective force

Taken at the Flood Joseph L. Harsh, 1999 Harsh attempts to discover what they believed their responsibilities were and what they tried to accomplish to evaluate the human and logistical resources at their disposal and to determine what they knew and when they learned it

Western armies but realized his place was in Washington Unwilling to be stuck in an office Grant joined George Meade's Army of the Potomac His presence complicated Meade's ability to direct his army but Grant promised to stay out of his way and give only strategic directives This arrangement lasted through the Wilderness Campaign the first action in what is now referred to as the Overland Campaign This book continues the actions of both armies through the completion of the Overland Campaign After the Wilderness fighting the Army of the Potomac attempted to swing around the right flank of Gen Robert E Lee's Army of Northern Virginia and shoot straight for Richmond The Confederate capital was never the goal the move was intended to force Lee out into the open where the larger and well stocked Union army could destroy it The head of Lee's army blunted the enemy at Spotsylvania Court House where both sides dug in Days and men were wasted on fruitless attacks until Col Emory Upton designed an audacious strike that temporarily penetrated Lee's works A much larger offensive against the Mule Shoe two days later tore the line open destroyed a Rebel division and triggered a long day of fighting More fighting convinced Grant of the folly of further attempts to crush Lee at Spotsylvania and again he swung around the Rebel right flank The march ignited almost continuous fighting at the North Anna Bethesda Church and Cold Harbor where this volume ends This study includes the various cavalry actions including those at Spotsylvania Court House Yellow Tavern Haw's Tavern and Matadequin Creek The Maps of Spotsylvania through Cold Harbor breaks down the entire operation into thirty five map sets or action sections enriched with 134 detailed full page color maps These cartographic originals bore down to the regimental and battery level and include the march to and from the battlefields and virtually every significant event in between At least two and as many as ten maps accompany each map set Keyed to each piece of cartography is a full facing page of detailed footnoted text describing the units personalities movements and combat including quotes from eyewitnesses depicted on the accompanying map all of which make the Spotsylvania story come alive This unique presentation allows readers to easily and quickly find a map and text on any portion of the campaign from the march to Spotsylvania to Cold Harbor Serious students will appreciate the extensive and authoritative endnotes and complete order of battle Everyone will want to take the book along on trips to these battlefields Perfect for the easy chair or for stomping the hallowed ground The Maps of Spotsylvania through Cold Harbor is a seminal work that belongs on the bookshelf of every serious student of the battle
