single day even if it's been taken care of the previous day. In this case the cause of the problem could be having no designated area for each item. You will learn more about designating a resting area for each of your stuff in chapter 5. So instead of simply taking care of the clutter you need to confront the root cause of the problem and find a way to solve it. Below you will find some major causes of complications in life. Identify which of the following examples are most related to your life.

Too Much To Do: Sometimes you end up with so many obligations because you don't know how to say no. In addition you are unrealistic about your deadlines in making goals.

Unable to Make Decisions: When you delay on deciding how to solve a problem the problem will take on a life of its own and grow bigger.
