Epic Content Marketing, Second Edition: Break through the Clutter with a Different Story, Get the Most Out of Your Content, and Build a Community in Web3 Joe Pulizzi, Brian W.

Piper, 2023-03-07 From the godfather of content marketing this completely revised and expanded edition brings marketers fully up to date on the newest content marketing methods and tools including Web3. When *Epic Content Marketing* was first published eight years ago content marketing was just starting to pick up speed in the marketing world. Now this approach which includes everything from blogging to YouTube videos to social media is the core of most organizations' marketing plans. Fully revised and updated this new edition walks you through the process of developing stories that inform and entertain and compel customers to act without actually telling them to. In addition to covering all the important social media platforms that have arisen over the past eight years and introducing the creator economy it shows how to update existing content and make new content that performs in strategic ways. Updates include New content models, structures and opportunities, Content entrepreneurship, content mergers and acquisitions, Subscriptions and audience building, Team structure, importance of community DAOs and creator networks, Content options, NFTs and discord servers. Making data driven decisions to optimize content performance. Distributed the right way at the right time, epic content is the best way to truly capture the hearts and minds of customers. It's how to position your business as a trusted expert in its industry. It's what customers share and talk about. This updated edition of the trusted guide provides everything you need to succeed in the new world of content marketing.

The Four Pillars of Investing, Second Edition: Lessons for Building a Winning Portfolio William J.

Bernstein, 2023-07-25 The classic guide to constructing a solid portfolio without a financial advisor. First published two decades ago, *The Four Pillars of Investing* has been the go to resource for an entire generation of investors. This updated edition of the investing classic provides the foundational knowledge you need to avoid the most common pitfalls and build a

portfolio in today's roller coaster world of investing. Retired neurologist and master investor William J Bernstein has seen it all throughout his career. Buying investments with borrowed money. Chasing past performance. Overestimating one's own risk tolerance. Listening to cable news. These are just a few of the many mistakes he has witnessed smart serious investors make to the peril of their portfolios. Add to these behavioral errors such economic factors as deflation sudden stock declines, soaring inflation and the like and investing can seem like something to be avoided at all costs. But with the right discipline and knowledge you can build and manage an impressive portfolio. It all comes down to understanding four key pillars: Theory, Risk and return go hand in hand, you can't make money without risk. History Understand past markets to understand today's markets. Psychology Avoid the most common behavioral mistakes that tank portfolios. Business The cost of investment services can be high unreasonably high. After taking you on a deep dive into each of these topics, Bernstein walks you through the process of designing and maintaining a powerful portfolio. Times have changed. Economies have changed. And markets are ever changing. But sound investing principles haven't changed. Use *The Four Pillars of Investing* to stay a step ahead of your investing peers and build a portfolio to be proud of.
