## **Untangling Terrorism**

**from Religion: A Deeper Look into the Roots of Violent Extremism** Sarwat Parvez, 2025-06-08 Terrorism has long haunted modern societies capturing the attention of governments media outlets and the public alike. In the rush to explain the inexplicable many turn to religion as the root cause. But this simplistic and often biased interpretation overlooks the true complexity behind acts of terror. Terrorism is not born from faith alone it is deeply entangled with political social and psychological conditions. No single religion has a monopoly on violence and framing terrorism as inherently religious only hinders our understanding and our ability to respond effectively.

**A History of Cuban Baseball, 1864-2006** Peter C. Bjarkman, 2014-06-17 When Cuba met Japan in the finals of Major League Baseball's 2006 World Baseball Classic WBC many among the international audience were shocked that a purported amateur team could challenge for the sport's first true world championship. But those who had paid attention to international tournaments were hardly surprised by Cuba's strong showing against all star teams of Puerto Rican Dominican Venezuelan and U.S. major leaguers. The undisputed champions of global baseball Cuba had reigned supreme for better than a half century at the avowed American national game. In this groundbreaking volume Peter Bjarkman traces the full arc of island baseball history from the pioneering era of integrated play in the winter leagues across the many triumphs of the post revolution decades and up through Cuba's initial WBC triumphs.
