COMPREHENSIVE SOLUTIONS IN MATERIAL HANDLING

Productivity is every material handling crew's most valuable asset. With highlights from the United Brotherhood of Carpenters on the job, safety and productivity are guaranteed through our skills, training, and experience, and the smart business sense and competitive pricing of our contractors.

Every installation project is a unique, individual challenge. KBC Managers and Contractors know we must work together to finish the job and get the customer up and running quickly. We establish a communications system with a pre-project conference to outline the scope of work, manpower needs and scheduling issues—and we maintain that interaction throughout the project.

and, when 30%, managers perform installations within active facilities, as well as schedules around peak production times and schedules of shifts during non-typical work hours to avoid interrupting and delaying operations.
