Om, Creative Meditations from Alan Watts Alan Watts,1980 **Om, Creative Meditations** Alan Watts,1980 *Om*
Alan Watts,Matthias Güldenstern,1982 *Romanticism and Philosophy* Sophie Laniel-Musitelli,Thomas
Constantinesco,2015-05-22 This volume brings together a wide range of scholars to offer new perspectives on the
relationship between Romanticism and philosophy The entanglement of Romantic literature with philosophy is increasingly
recognized just as Romanticism is increasingly viewed as European and Transatlantic yet few studies combine these
coordinates and consider the philosophical significance of distinctly literary questions in British and American Romantic
writings The essays in this book are concerned with literary writing as a form of thinking investigating the many ways in
which Romantic literature across the Atlantic engages with European thought from 18th and 19th century philosophy to
contemporary theory The contributors read Romantic texts both as critical responses to the major debates that have shaped
the history of philosophy and as thought experiments in their own right This volume thus examines anew the poetic
philosophy of Wordsworth Coleridge Blake Shelley and Clare also extending beyond poetry to consider other literary genres
as philosophically significant such as Jane Austen s novels De Quincey s autofiction Edgar Allan Poe s tales or Emerson s
essays Grounded in complementary theoretical backgrounds and reading practices the various contributions draw on an
impressive array of writers and thinkers and challenge our understanding not only of Romanticism but also of what we have
come to think of as literature and philosophy **Handbook of Research on the Global Impacts and Roles of Immersive**

considering music video It is written in the spirit of communicology and cultural studies that is the ways that the products of human communication reveal specific structures of communication and consciousness are studied These structures of communication reveal much about the way a culture is aware of the world Rather than providing another interpretation of the meaning of music video the author seeks instead to provide an explication of music video that is more concerned with what can be called their presentational value and ability to bring to expression through technology a cultural vision of human perceptual experience Music video it is argued does not merely present itself but makes present important aspects of communicative experience embodiment technology and the world *Whitaker's Books in Print* ,1998 *The Publishers Weekly* ,1987 **Subject Guide to Books in Print** ,1993 Library Journal ,1995 **American Bookseller** ,1987
