product availability Repeated not planned bound to happen from time to time For example accidentally meeting a neighbour when walking on your street Regular not planned but very common likely to raise questions when missed Meeting a doorman or a security guard every workday in your workplace dining every day in the same restaurant etc Regulated planned and regulated by customs or law will definitely raise questions when missed Interaction in a workplace coming to work staff meetings playing a game etc family etc In sociological hierarchy social interaction is more advanced than behaviour action social behaviour social action and social contact and is in turn followed by more advanced concept of social relation In other words social interactions which consist of social actions form the basis for social relations This handbook presents the latest international research in the field     **YC Young Children** ,2004     Rudolph's Pediatrics, 22nd Edition Colin D.
