**College Sports** Eric A. Moyen, John R. Thelin, 2024-11-26 A bold and foundational history of the inception and evolution of intercollegiate athletics in the United States In College Sports historians Eric A Moyen and John R Thelin tell the intriguing story of the success and excess of American college sports from their inception to today Arguing that the modern American university's structure spurred the growth of big time sports Moyen and Thelin also highlight the treatment of marginalized groups in athletics and the role that commercialization and the media have played in shaping college sports Using a wealth of secondary resources archival records newspaper articles and oral histories Moyen and Thelin offer a chronological account of the popularity success and continued challenges of college sports Most scholarship has portrayed athletics as an anomaly within higher education but history reveals that college sports enjoy a symbiotic relationship with universities Reform and a return to a purely amateur model have rarely been a compelling option for those institutions that are successful in commercialized big time college sports At the same time most student athletes compete in a very different model And despite their progressive posturing colleges have been slow to fully adopt civil rights and social justice issues When full participation was finally extended to women and minorities it generally meant a move away from the amateur model into a commercial enterprise By examining key events at specific universities athletic conferences and the NCAA Moyen and Thelin trace how the media and sports marketing have created an incredibly successful financial model for schools in big time conferences Yet this model has also created a precarious fiscal situation for hundreds of other institutions This provocative and refreshing take on sports in American universities provides the context in which to understand and improve upon the current landscape of intercollegiate athletics

*Always an Athlete* Jenne Blackburn, 2023-11-17 Always an Athlete is a comprehensive study of the ways in which athletes climb what author Jenn Blackburn terms The Mountain the journey from youth sports through high school and college sports to finally professional and Olympic sports This steady climb and success over a long period of time however sets up athletes for an inevitable fall off The Cliff upon their retirement from competition To help athletes in transition Blackburn identifies Three Pillars of the Cliff Mental Health Physical Health and Athlete Identity and describes the issues that athletes have in each of these areas after they retire After training sacrificing and devoting years even decades to a sport athletes at every level will struggle within these three pillars Blackburn believes that athletes must evolve from a competition mindset to a wellness mindset and match their new lifestyles in order to soften this transition into the real world Fortunately the Inner Athlete honed over many years of training and competition can show

up as a Parachute as athletics recede and other priorities rise to the forefront of their new life Ultimately Blackburn proposes cycling as a foundation and universal tool to help retired athletes resolve a lingering loss of identity mental health issues such as anxiety and depression and complications due to unchanged diet and exercise habits when they transition out of a performance purposed existence She advocates for fun community bike rides adjacent to sporting events and franchises to bring sports communities together around this critical yet overlooked topic for all athletes life after competitive sports
