**The Sunday School Helper** ,1892      **The Divine Pursuit...** Maria Rachel (pseud.),1945      **Evangelical Visitor** ,1996      **The Psalms** Leopold Sabourin SJ,2010-10-01

The psalms the prayers of the chosen people the prayers of the people of God have a spontaneity and timeless pertinence which is unique

They are an integral part of Christian liturgies yet they pose difficulties for many who sense that they have sprung from a cultural milieu which is totally alien to our own This problem can only be solved by a careful study of their origins their literary structures their content and their intent A vast literature has grown up around the psalter But modern biblical discoveries research and scholarship have opened the way to a greater understanding and finer appreciation of the inspired prayers The author one of the leading exegetes of our time has produced a monumental and comprehensive work which reflects his vast research and erudite judgment The scholar and the biblical student will find this thorough treatment invaluable And educated men of all religions who share a common invaluable scriptural tradition should also find it essentially helpful and enlightening This many faceted work clearly illustrates that biblical scholarship knows no denominational boundaries The psalter is a bridge of prayer in this ecumenical age and readers will find the author s insights and analyses most helpful in making the psalms more vital in their lives and a more unifying bond in man s search for God in our time

**Origins of New Testament Christology** Stanley E. Porter, Bryan R. Dyer, 2023-03-21 The early followers of Jesus drew from Jewish and Greco Roman traditions and titles to help them understand and articulate who Jesus was This book opens a window into the Christology of the first century by helping readers understand the eleven most significant titles for Jesus in the New Testament Lord Son of Man Messiah Prophet Suffering Servant Son of God Last Adam Passover Lamb Savior Word and High Priest The authors trace the history of each title in the Old Testament Second Temple literature and Greco Roman literature and look at the context in which the New Testament writers retrieved these traditions to communicate their understanding of Christ The result is a robust portrait that is closely tied to the sacred traditions of Israel and beyond that took on new significance in light of Jesus Christ This accessible and up to date exegetical study defends an early high Christology and argues that the titles of Jesus invariably point to an understanding of Jesus as God In the process it will help readers appreciate the biblical witness to the person of Jesus
