**Whitaker's Books in Print** ,1990 Romantic Ecology (Routledge Revivals) Jonathan Bate,2013-10-31 First published in 1991

Romantic Ecology reassesses the poetry of William Wordsworth in the context of the abiding pastoral tradition in English Literature Jonathan Bate explores the politics of poetry and argues that contrary to critics who suggest that the Wordsworth was a reactionary who failed to represent the harsh economic reality of his native Lake District the poet's politics were fundamentally green As our first truly ecological poet Wordsworth articulated a powerful and enduring vision of human integration with nature which exercised a formative influence on later conservation movements and is of immediate relevance to great environmental issues today Challenging the orthodoxies of new historicist criticism Jonathan Bate sets a new agenda for the study of Romanticism in the 1990s

*Leisure and Welfare in Britain from the Industrial Revolution to the Second World War* Robert Snape,2025-12-24 Tracing the evolution of social thought on leisure in Britain from the industrial revolution to the present day this book documents an alternative and almost totally ignored discourse of leisure as a field of welfare Investigating evolving understandings of leisure in social philosophy the nascent social sciences and welfare economics it explores the ways in which leisure became a field of individual and social welfare in terms of personal growth cultural democracy and social citizenship While the social philosophy of ancient Athens remained a reference point new modern meanings of leisure were forged in the intellectual and political cross currents of late Victorian and Edwardian political economy the new liberalism and social ethics In terms of

welfare economics the book's pivotal figure is John Hobson a self declared economic heretic who adopted Ruskin's idea of intrinsic value as the basis of a new political economy in which leisure would be crucial to individual and social well being Providing a unique contribution to the historiography of leisure and welfare and to current debate around wellbeing and work this is a timely and interdisciplinary book British Books in Print ,1985 The Political Aesthetic of Victorian Travel Inderpal Grewal,1987 《1986-1987年英國圖書目錄》,1986 Books in Series ,1985 Vols for 1980 issued in three parts Series Authors and Titles The British National Bibliography Arthur James Wells,1968 **Illustrated Editions of the Works of William Morris in English** Robert L.
