*Nexus Analysis* Ronald Scollon, Suzanne B. K. Scollon, 2004 Review Using as a study their own experience of pioneering computer mediated communication in Alaska in the late 1970s and early 1980s the authors conduct a nexus analysis of those events and discourses As email and audio video conferencing technologies expanded the possibilities for education and social interaction the authors played an active role in shaping and analyzing their use Looking back on that early formative period and assessing its impact on the present world the authors evaluate moments of social importance in order to examine the linkages among social practices Alaskan peoples and technologies They consider the power of communication media to cause and ramify change **BOOK JACKET** *Nexus Analysis* Suzie Wong Scollon, 2004-07-31 *Nexus Analysis* presents an exciting theory by two of the leading names in discourse analysis and provides a practical guide to its application The authors argue that discourse analysis can itself be a form of social action If the discourse analyst is part of the nexus of practice under study then the analysis can itself transform that nexus of practice Focussing on their own involvement with and analysis of pioneering communication technologies in Alaska they identify moments of social importance in order to examine the links between social practice culture and technology Media are identified not only as means of expressing change but also as catalysts for change itself with the power to transform the socio cultural landscape In this intellectually exciting yet accessible book Ron Scollon and Suzie Wong Scollon present a working example of their theory in action and provide a personal snapshot of a key moment in the history of communication technology as the Internet transformed Alaskan life

**Mediated Discourse** Ron Scollon, 2002-09-26 *Mediated Discourse The Nexus of Practice* sets out a discursive theory of human action Language and action are intimately related The difficult question to answer is how they are related *Mediated Discourse Theory* looks into social relationships to see how the use of language is both a form of action in itself and is also indirectly related to all other forms of human action Through the empirical study of a one year old child learning to exchange objects with caregivers Scollon challenges the commonly held claim that all practices are represented in discourse and that all discourse has the function of structuring practice Calling upon work in interactional sociolinguistics critical discourse analysis anthropological linguistics sociocultural psychology and intercultural communication the *Mediated Discourse Theory* set out in this book resolves current problematic issues such as how practices are learned across the boundaries of groups and how individuals come to be socialized as social actors **Multiple Perspectives in Linguistic Research on Baltic**

**Languages** Ineta Dabašinskienė, Nicole Nau, Aurelia Usoniene, 2012-01-17 The ten contributions to this volume present original research on grammar and discourse in modern Lithuanian and Latvian They reflect the diversity of approaches in linguistic research on Baltic languages that has developed in recent years after a period where these languages were studied almost exclusively from the perspective of historical comparative linguistics Current research perspectives include among others perspectives from discourse analysis sociolinguistics language acquisition research corpus linguistics contrastive

studies and linguistic typology The studies in this volume explore new ways of describing the system and use of Latvian or Lithuanian from a synchronic non normative point of view They focus on grammatical categories and constructions modality evidentiality case existential clauses grammatical characteristics of lexical classes reflexive verbs numerals the characteristics of certain forms of discourse academic discourse food discourse and the effects of an ideology of correct language on language users

**Identity, Community, Discourse** Giuseppina Cortese, Anna Duszak, 2005 Languages are inseparable from their contexts of use They are not only congruent with but also involved in the configuration of the worldviews and value systems manifested in cultures and embodied in texts The spread of English worldwide foregrounds the issue of textual dynamics in intercultural settings The production reception of texts in English facilitates international contacts and exchanges yet it also triggers hegemonic practices The volume aims to investigate the representations and negotiations of sociocognitive identities in intercultural settings relevant for good practice Contributions explore languaging strategies verbal visual multimodal English monolingual bilingual multilingual through a range of methodological perspectives wherein the respect for sociocultural differences is a constitutive value

**Landmarks in Intercultural Studies** Christoph Barmeyer, Dominic Busch, 2026-01-01 Globalization sets a scene where societies perceive an increase of intercultural contact on all levels although as this book may show intercultural communication research today looks back to an impressive tradition Research and practice in intercultural communication have become increasingly important and dynamic worldwide in recent decades starting in the United States This anthology offers an innovative and original approach to the study of interculturality it focuses on academics of major importance to the field interculturalists who have developed key theories models and concepts and thus have had a significant impact on the field Connections are made between interculturalists and particular topics theories academic disciplines and schools It also shows how these conceptual frameworks can be used to better understand intercultural reality
