*The Life and the Way* A. K. Mozumdar, 2002-08 Mozumdar founder of the Christian Yoga Society has written many spiritual classics which reflect the philosophy of Christian Yoga Is Christian Yoga a contradiction of terms Not here East and West are brought together so that both may experience an all pervading Oneness in the universe This Oneness transcends religious separation and cultural barriers which is the purpose of this book He uses not only his own teachings but includes those of Jesus and the Buddha The book also contains powerful guidelines of wisdom for daily living and is capable of transforming an individual May help to provide a unique path to follow and spiritual peace of mind     The Supreme Identity Alan Watts, 2020-09-24 Modern Civilization Watts maintains is in a state of chaos because its spiritual leadership has lost effective knowledge of man s true nature Neither philosophy nor religion today gives us the consciousness that at the deepest center of our being exists an eternal reality which in the West is called God Yet only from this realization come the serenity and spiritual power necessary for a stable and creative society One of the most influential of Alan Watts s early works *The Supreme Identity* examines the reality of civilization s deteriorated spiritual state and offers solutions through a rigorous theological discussion on Eastern metaphysic and the Christian religion By examining the minute details of theological issues Watts challenges readers to reassess the essences of religions that before seemed so familiar and to perceive Vedantic oneness as a meeting ground of all things good and evil In addressing how religious institutions fail to provide the wisdom or power necessary to cope with the modern condition Watts confidently seeks the truth of the human existence and the divine continuum In this eye opening account of metaphysical blindness in the West Watts accents this dense exploration of religious philosophy with wry wit that will engage inquiring minds in search of spiritual power and wisdom     **The Mirror Mind** William Johnston, 1981 Eight lectures delivered at Oxford in honor of Martin D Arcy Master of Campion Hall about Christianity in Dialogue with Eastern Mysticism from preface     *The Only Real Way to Enlightenment* James J. Fairlie, 2018-06-05 Everything in this book is backed up by incredible quotes from Jesus Buddha and Lao Tzu who is the central figure of Taoism as well as other ancient sages demonstrating that these figures from all around the world were teaching of the same enlightenment This book is designed to teach you the most vital life changing lessons which you need to know to live well and attain wisdom it serves as a guide as well as a catalyst for awakening your mind to raw truths and it doesn t hold anything back even when it goes against the conditioned story of materialism that modern society wants you to believe Open your mind to astonishing truths taught by the sages such as that life is really an eternal mind based experience and listen to teachings on how you should really be dealing with meditation relationships laziness arguments problems depression loneliness modern culture and its insane beliefs memory karma enlightenment the ultimate truth of life and more The author stands apart from other teachers as he dives more deeply into the inner workings of your spiritual essence than you have ever seen before Using penetrative insight he covers topics which many shy away from discussing such as taking a

look at the delusional beliefs spread throughout the modern world and he does so authentically without a hint of ego attached to his words Here is finally an easy to read book which brings you straight to the answers and the truths of enlightened wisdom     **Cosmic Surfing** Linda N. Cameron Ph. D.,2004-12 Just as we surf the ocean with boards the land with skis the air with gliders and the Internet with computers so too we can surf the Cosmos with our minds When the stresses of life rob us of peace there is a type of spiritual R R that can truly rejuvenate us Cosmic Surfing details Dr Cameron s search for healing techniques to undo stress that ended with a way to unite with the Divine It concludes there is one problem separation from the Divine and one solution forgiveness Like a computer delete key we can let go physically emotionally and mentally until we join Universal Being and surf the Cosmos within The experience is therapeutic thrilling and often ecstatic Cosmic Surfing is a must for seekers those looking for psychological help and spiritual experiences It details the relationships separating us from the Divine and the forms of forgiveness needed to undo them Cosmic Surfing approaches the subject not just from a Christian perspective but also from Native American Jewish Islamic Hindu and Buddhist religious traditions Cosmic Surfing differs in maintaining mystical experiences occur in stages and the major religions coalesce around certain stages based on the experiences of their founders     Nirvana in Christianity Loh Tse,2018-06-13 He who seeks shall not stop seeking until he finds and when he finds he will be frightened and after he is frightened he will be astonished and he will reign over the cosmos These encrypted words of Jesus in the Thomas Gospel verse 2 describe a Nirvana experience Nirvana moksha is the highest achievable spiritual objective for a human it is the reunion with his spiritual origin This is also precisely the meaning of the word religion which goes back to the Latin religare reunificate All world religions have the same origin and thus in their original form also the same goal which is called in Buddhism Nirvana and in Hinduism Moksha There is also Nirvana eternal life in the Kingdom of God in Christianity there is a Bodhisattva Buddha like Savior Jesus Christ there is the law of Karma seed and harvest and there was the doctrine of reincarnation in Christian dogma until 543 A D And indeed Jesus Christ died as Bodhisattva when realizing the central idea of early Mahayana Buddhism taking over the Karma of mankind on his shoulders purifying sins through his blood and to lead them collectively to Salvation from the wheel of reincarnation and to Eternal Life Nirvana The revelation of the origin of Christianity from Mahayana Buddhism is the religious message of this report But Nirvana is not just a religious process of consciousness Within the material world the consciousness is accompanied by the subtle body and follows the physical rules of spiritual technology on its journey to Nirvana which is also to be discovered here The present authentic report describes in detail the Nirvana experience of Loh Tse proves it with the corresponding explanations from the millennia old Vedic Buddhist and Christian scriptures shows their connections with modern quantum and astrophysics and thereby inevitably decodes the phenomenon of wave particle duality An unexpected scientific discovery and a firework of enlightenment for the reader
