**The Restoration of Messianic Hope** Brian Main, 2025-06-25 The New Testament portrays the apostles as placing great emphasis on Jesus' resurrection in their preaching and teaching This emphasis is often lacking however in contemporary preaching and teaching If Jesus' resurrection is to regain the centrality it held in the apostolic age its significance must be understood In this study Brian Main attempts to understand the significance of Jesus' resurrection in the Gospel of Matthew Since Jesus' resurrection is the proper conclusion of the story in Matthew it is necessary to understand what the story is that it concludes By analyzing the characters settings plot and point of view in Matthew 1:1-4:11 as well as those in the resurrection narrative 28:1-20 Main and his readers come to grasp the expectations that Matthew's audience develops as that story unfolds As readers understand those expectations they will gain a better appreciation of what was at stake when Jesus experienced opposition and therefore of what was restored and guaranteed by his resurrection

Weren are the result of scholarly work carried out using recent methods in Biblical exegesis such as structural analysis text semantics and intertextuality Part One presents a new proposal regarding the macrostructure of Matthew's Gospel and discusses meanings of textual units from this Gospel on the basis of synchronic research In Part Two intertextual theories are described and practical tools are developed that enable us to identify various types of relations between texts from Matthew's Gospel and co generic or co thematic textual units from the Hebrew Bible the Septuagint and early Jewish and early Christian writings Part Three answers the question to what extent the ways in which the disciples are portrayed in Matthew is related to real groups in the Matthean communities The three successive steps are deliberately chosen and are in a complementary relationship to each other

M. Newlands, 1978 Hilary of Poitiers is perhaps the most neglected of the great Patristic theologians In particular there has been little detailed analysis of the biblical interpretation which provides the central strand of his theological method His work on St Matthew is almost the first extant commentary in the Latin West It is analysed here with a survey for the first time of the growth of the commentary as a literary form The relation between exegesis and theological method in his later work on the Trinity and the Psalms shows the development of his techniques and their theological consequences The concluding sections provide a critical evaluation of the role of Patristic material in contemporary theology with reference to the still intractable problem of the precise use of the Bible in theology      *Dixit Dominus; or, Genesis cleared from difficulties by the method of the Alexandrian school of biblical interpretation* Willis Probyn NEVINS, Ex-Anglican clergyman, 1889      *Neotestamentica*, 2004 Vols for 1967 1968 1971 1983 constitute Proceedings of the meeting of Die Nuwe Testamentiese Werkgemeenskap van Suid Afrika      *Methods for Luke* Joel B. Green, 2010-02-26 In *Methods for Luke* four leading scholars demonstrate how different interpretive methods provide

insight into the Gospel of Luke Introducing contemporary perspectives on historical criticism feminist criticism narrative criticism and Latino interpretation they illustrate these approaches to New Testament study by examining either the Parable of the Rich Man and Lazarus Luke 16 19 31 or Jesus warning regarding the scribes and the story of the women with two small coins Luke 20 45 21 4 The use of two set texts enables readers to understand how method makes a difference in the reading of the same text

**Ethics of Biblical Interpretation** Daniel Patte, 1995-05 Daniel Patte argues here that when male European American scholars interpret the Bible to produce a universally legitimate reading they silence the Bible itself Their reading practices exclude feminist African American and other so called minority readings as well as the interpretations of conservative and liberal laity He further claims that ethical accountability requires recognizing that all exegesis consists of bringing critical understanding to ordinary readings especially faith interpretations Patte concludes that biblical studies must affirm the legitimacy of diverse ordinary readings and lead to an open discussion of the relative value of these readings
