Apple finally redesigned the iMac and borrows the new design from the colorful designs of the older iMacs and iPad Airs. The new iMac 2021 lineup comes in seven vibrant colors. It's not just new colors on offer. The new iMac also features an all new 24 inch 4.5K Retina display. Apple has made a redesign that includes a larger screen in the iMac, not much larger than the 21.5 inch iMac it replaces. At the Spring Loaded event on April 20, 2021, Apple announced that the new iMac will be available to order starting Friday, April 30. Apple says the iMac will begin shipping in the second half of May. What you'll notice the most about the redesign are the new color options and the larger screen, which we'll take a look at in more detail below.
