### **Social-Emotional Learning Through STEAM Projects, Grades 4-5**

Season Mussey, 2022-02-27. Social Emotional Learning Through STEAM Projects, Grades 4-5 helps educators target the development of social and emotional learning (SEL) competencies for high ability learners through interdisciplinary project-based inquiry. Aligned with STEAM content standards, each of the nine projects introduces students to a real world problem through essential questions and the presentation of a primary source document. Both the content and the inquiry process support SEL competency development from self awareness to selfmanagement, social awareness, relationship skills, and responsible decision making. As students work to understand and pose solutions to each problem, they gain the knowledge and practical skills needed to become more socially and emotionally competent individuals in their classroom communities.
