76 Tips For Investing in an Uncertain Economy For Canadians For Dummies Sheryl Garrett, Garrett Planning Network, Camilla Cornell, 2010-05-11 This concise practical guide gives you the strategies you need to confidently protect and strengthen your financial holdings during troubled economic times. Through 76 smart tips you'll discover how to reduce your investment risk safely, accumulate wealth and determine how much you'll need for retirement and how to get there. With tips for everything from improving your credit score to investing through a Tax Free Savings Account to preparing for financial emergencies, you'll be on the right track toward a safe and sound financial future no matter what the economic climate. 76 Tips For Investing in an Uncertain Economy For Canadians For Dummies will be an arms length away at my desk at the National Post for handy reference. John Chevreau, The National Post, *Kiplinger's Personal Finance*, 2006-04 The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics. *I Will Teach You To Be Rich*, Ramit Sethi, 2010-01-21 *I Will Teach You To Be Rich* is a practical approach delivered with a non-judgmental style based on the four pillars of personal finance: banking, saving, budgeting and investing, and the wealth-building ideas of personal entrepreneurship. Witty, entertaining, wise and practical, Ramit Sethi explains how to automate your money flow (i.e., earn while sleeping), why your new best friend should be the taxman and how to beat banks and credit cards at the fee game. How do you negotiate a raise? How can you manage student loans? And can you still enjoy your daily latte and buy that iPhone? Sethi's 6-week plan shows you how. Week 1: Optimise your credit cards and learn exactly what to say to get fees waived. Week 2: Set up no-fee high-interest bank accounts that won't cost you. Week 3: Open investment accounts even with a small amount of money. Week 4: Figure out how much you're spending. And then learn how to make your money go where you want it to go. Week 5: Automate your new infrastructure to make your accounts play nicely together. Week 6: Why investing isn't the same as picking stocks, how to get the most out of the market with very little work. *Consumers Digest*, 2001 *Investing Online For Dummies*, Matthew Krantz, 2016-01-13 Building substantial online investments is a page away.
