Reinventing the Book: How eReaders, Multimedia Content, and Social Reading Are Changing the Way We Read Joe Wikert,2012-09-11 NOTE FROM THE AUTHOR Over the last 20 years I ve been an author a publisher and most importantly a frustrated member of the publishing industry My frustrations stem from the glacial pace of change in publishing as well as a lack of true risk taking at the highest ranks in our industry Several years ago I decided to start thinking out loud about where the industry should be heading and posted those thoughts on my Publishing 2020 blog Those posts are freely accessible by anyone with a web browser but after 7 years they re not well organized for a first time visitor That s where Hyperink comes into play I was recently approached by Hyperink to see if I d be willing to let them curate my posts into ebook format with individual parts set up for each major topic area I didn t have the time to do this and since I m a big fan of experimentation I accepted their offer to do the job for me What you re reading right now is the results of their efforts I hope you enjoy it and one or two of the pieces get your creative juices flowing Joe Wikert EXCERPT FROM THE BOOK Rethinking Samples March 26 2012 I m bored with e book samples I feel like I m collecting a bunch and then forgetting about most of them I m pretty sure I m not alone and I m even more certain this adds up to a ton of missed sales opportunities Although this would be impossible to prove my gut tells me the revenue missed by not converting samples into sales is a much larger figure than the revenue lost to piracy And yet the publishing industry spends a small fortune every year in DRM but treats samples as an afterthought Think about it Someone who pulls down a sample is already interested in your product They re asking you to win them over with the material you provide Far too often though that material is nothing more than the front matter and a few pages of the first chapter Some of the samples I ve downloaded don t even go past the front matter I m looking for something more Let s start with the index Would it really be that hard to add the index to e book samples No And yet I ve never seen a sample with the index included Sure many of these books have indexes that can be viewed separately on the e book s catalog page but why not include them in the sample Give me a sense of what amount of coverage I can expect on every topic right there in the sample How about taking it up a notch Give me the first X pages of the full content include the entire index at the end and in between include the rest of the book but have every other word or two X d out That way I can flip through the entire book and get a better sense of how extensively each topic is covered By the way if the entire book is included like this then the index can include links back to the pages they reference Next up why do I have to search and retrieve samples Why can t they be configured to automatically come to me After a while a retailer should be able to figure out a customer s interests So why not let that customer opt in to auto sample delivery of e books that match their interests I love baseball Send me the samples of every new baseball book that comes out I ve got plenty of memory available in my e reader and I can delete any samples I don t want I ve also mentioned this before but it s worth saying again How about

letting me subscribe to samples from specific authors Again it would be an opt in program but I wonder how many interesting books I ve missed because I didn t discover the sample Finally this problem doesn t appear till after the sample is converted into a sale but why can t the newly downloaded e book open up to where I left off in the sample Seriously this has got to be one of the easiest annoyances to fix so why hasn t anyone taken the time to do so Buy the book to read more

Adopting the Track of Term: An Mental Symphony within **Ipad Price Best Price**

In a global consumed by displays and the ceaseless chatter of instant transmission, the melodic splendor and psychological symphony produced by the published word frequently disappear into the back ground, eclipsed by the persistent noise and disturbances that permeate our lives. Nevertheless, nestled within the pages of **Ipad Price Best Price** a charming fictional prize filled with raw feelings, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, this captivating masterpiece conducts readers on a mental journey, well unraveling the concealed melodies and profound impact resonating within each cautiously constructed phrase. Within the depths with this poignant examination, we shall explore the book is main harmonies, analyze their enthralling writing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
