The Lungs

Have you ever seen a butterfly? Butterflies are beautiful insects. They have large, colorful wings. The process is called **respiration**. The bronchi are made of muscle and cartilage. They branch out into the lungs. The lungs are covered by a thin layer called the pleura. The pleura is made of two layers. Blackbeard sailed on a powerful ship called the Queen Anne's Revenge. With his crew, he attacked other ships and took their **prizes**, which included gold, silver, and food. He was known for his clever tricks. Sometimes, he would block a harbor so his ships could escape.

Even though he was feared, some stories say Blackbeard did not hurt people unless he had to. He just wanted their treasure! He ruled the seas for a few years, but in 1718, he was caught in a **naval battle** with the British Navy. After a fierce fight, Blackbeard was defeated.
