## **Options On Atonement In Christian Thought:**

*Options on Atonement in Christian Thought* Stephen Finlan,2007 In his previous book Problems with Atonement Stephen Finlan compellingly argues that the doctrine of atonement has been more a stumbling block to a true understanding of the relationship between God and humanity than a genuine explanation of how we relate to God and God to us Options on Atonement reprises these arguments briefly then looks more closely at the solutions to the problem offered by a variety of modern interpreters Finlan s focus in this volume is on revelation on the gradual human absorption of and interpretation of revelation received from God the maturing of human cultures and especially the light shed by modern family systems psychology At a time when public debates rage over the notion of evolution in the natural world this book asserts that our understanding of divine revelation is likewise subject to evolution If religion itself does not evolve the author asserts we are left only with an unsatisfactory choice to remain mired in the past or to repudiate all that is past including our Scriptures Will that be our choice Or can we resolve to examine our traditions including that of the atonement in the light of new knowledge Stephen Finlan chooses to do just that

### **Executing God**

Sharon L. Baker,2013-01-01 Why did God have to murder his only son to pay our debts What kind of vengeful violent God can only be satisfied by vicarious blood atonement In Executing God theologian Sharon Baker presents a biblically based and theologically sound critique of popular theories of the atonement Concerned about the number of acts of violence performed in the name of God Baker challenges cultural assumptions about the death of Jesus and its meaning to Christians She ultimately offers a constructive alternate view of atonement based on God s forgiveness that opens up salvation to a wider group of people

*SCM Studyguide: Theology in the Contemporary World* Ben Pugh,2017-11-30 No sooner have they mastered the basics than students of theology can quickly find themselves in over their heads They are bombarded with claim and counter claim as soon as they want to tackle anything topical The contentious subjects tend to be the historical Jesus gender and sexuality or the atonement Other subjects might be less contentious but attract an astonishing excess of literature Take the vast literature tackling the subject of the Church for instance or the bloated body of tomes on various aspects of Pneumatology This book tries to provide the bewildered and intimidated student with a primer that is at once introductory and incisive approachable and informative It will help those training for ministry to recover their fascination for the subject of theology and how it could apply to their future ministry Subjects covered include The Quests for the Historical Jesus Third Article Theology The Missional Church Liberation Theology Feminist LGBT and Queer Approaches Postmodern Faith and the Emerging Church Nonviolent Atonement
