Organisation Klaus Olfert:

Kompakt-Training Organisation Klaus Olfert, Horst-Joachim Rahn, 2012 **Organisation – Formen und Modelle** Knut Bleicher, 2013-03-13 Es ist nicht die Absicht des Verfassers mit diesem Buch einen weiteren Versuch zu unternehmen eine Organisationslehre vorzulegen. Hier möchte er auf seine systematische Gesamtbehandlung in seinem Buch *Unternehmensentwicklung und organisatorische Gestaltung* Stuttgart New York 1979 verweisen. Sein Bemühen ist vielmehr darauf gerichtet, dem theoretisch wie dem praktisch an Organisationsfragen Interessierten zu einem wesentlichen Spezialgebiet organisatorischer Gestaltung zu vermitteln: der Frage nach den Ausgestaltungsmöglichkeiten von Formen und Modellen der Organisation. Organisationsformen bieten Gestaltungsalternativen für unmittelbar Kooperationseinheiten, Abteilungen und Gruppen an. Sie ordnen sich ein in Gesamtkonzepte der organisatorischen Gestaltung, die selbst wiederum alternativ gestaltet werden können. Den Organisationsmodellen, Organisationsformen und -modellen beziehen sich damit auf unterschiedliche Ebenen organisatorischer Gestaltung. Während Organisationsmodelle das Gesamtmuster der Systemdifferenzierung und Systemintegration für eine Unternehmung total oder für ihre wesentlichen Subsysteme partiell angeben, regeln Organisationsformen das Grundmuster der Verteilung und Arbeitsbeziehungen in unmittelbar miteinander arbeitenden Kooperationseinheiten. Beide bieten vielfältige alternative Möglichkeiten der Gestaltung mit besonderer Wirkung auf die Ergebnisverantwortung der in diesen Systemen tätigen Führungskräfte, die vor dem Hintergrund des ökonomischen, sozio-kulturellen, technischen und des diese durchdringenden politisch-gesetzlichen Kontextes gesehen werden müssen. Der Kontext der Unternehmung wird bei einer instrumental-betrachtungsweise organisatorischen Gestaltung durch unternehmungspolitische Entscheidungen, die Strategien prägen, in eine Unternehmensentwicklung umgesetzt. Formen und Modelle der Organisation müssen sich an diese Strategien anpassen, ihre Realisierung unterstützen durch eine arteigene Organisationsentwicklung, eine Unternehmensentwicklung zu unterstützen, die kontextorientiert erfolgt.

Marine Navigation and Safety of Sea Transportation Adam Weintrit, Tomasz Neumann, 2013-06-04 The TransNav 2013 Symposium held at the Gdynia Maritime University, Poland in June 2013 has brought together a wide range of participants from all over the world. The program has offered a variety of contributions allowing to look at many aspects of the navigational safety from various different points of view. Topics presented:

Organisation 4.0: MITO-Konfigurationsmanagement Hartmut F. Binner, 2018-06-08 Wie Unternehmen die Herausforderungen mit denen sie konfrontiert sind erfolgreich managen können beschreiben unzählige Ratgeber. Dieses Buch stellt im Detail den Weg dorthin dar. Wie in den Vordergrund. Der Autor verfolgt dabei einen ganzheitlichen, prozessorientierten Ansatz der Organisationsentwicklung. In dem Buch wird der Weg von einer funktionsorientierten hin zu einer prozessorientierten Organisation detailliert und anhand von vielen Anwendungsbeispielen beschrieben. Der Autor stellt Modelle, Methoden, Vorgehensweisen und Tools für die Umsetzung vor. Das MITO-Modell mit seinem Methoden-Tool als generischem

Methodenbaukasten wird umfassend erläutert. Bezugspunkt für das Changemanagement ist dabei nicht die vertikale also hierarchische Organisationsstruktur sondern ausgehend von einer rollenbasierten Ordnungsstruktur die horizontale Wertschöpfungskette. Erst aus dieser detaillierten rollenbasierten Beschreibung des End to End Businessprozesses ergeben sich die Prozessaufgaben und Prozessverantwortlichkeiten. Dies wiederum ermöglicht eine hohe Datendurchgängigkeit für die Prozessdigitalisierung mit neuen Technologien wie Cloud Computing, Enterprise Mobility, Social Business, Big Data in der Organisation 4.0. In dem Buch werden alle Fragen rund um das gemeinsame Führungsverständnis in einer prozessorientierten Organisation besprochen. Auch der Aufbau einer gemeinsamen Wissens- und Lernplattform zur Qualifizierung von Führungskräften und Mitarbeitern wird behandelt. Wie lassen sich Prozesse systematisch beschreiben und im Rahmen eines ganzheitlichen Business Process Management (BPM) umsetzen? Wie können funktionsorientierte Veränderungsanforderungen und Auswirkungsanalysen durch prozessorientierte Analysen ersetzt werden? Wie lässt sich eine prozessorientierte Organisation evaluieren? Das Buch analysiert diese und weitere Fragen systematisch und detailliert und vermittelt Führungskräften nicht nur das notwendige Wissen sondern auch die Methodenkompetenz um Changemanagement Prozesse umzusetzen. Ob Mittelstand oder Großunternehmen: das Buch richtet sich an alle Führungskräfte in Unternehmen die sich mit Changemanagement auseinandersetzen.

Organisation Klaus Olfert, 2015-07 **Fachwirt für Büro- und Projektorganisation** Christina Harder, 2021-03-25. Dieses Fachbuch beinhaltet auf 488 Seiten alle relevanten Themen des Fachwirts für Büro und Projektorganisation. Es eignet sich sowohl zum Selbststudium als auch zur Vertiefung des Unterrichtsstoffes und unterstützt angehende Fachwirte mit zusätzlich 50 Übungsaufgaben. Zusätzliche Informationen zu diesem Fachwirt sind unter www.fbup.de erhältlich.

Rethinking Management Boris Kaehler, Jens Grunzei, 2025-08-27. The concept of management is well established and very familiar to scholars and practitioners alike. However it is also very generic with no agreed upon definition and no consistency in the demarcation between it and its sub concepts and other similar terms. Building on an in depth analysis of literature this book establishes a precise understanding of management and systematically integrates its sub concepts of organization, governance, strategic management, human resource management, leadership and organizational culture. It thus provides a clear theoretical and conceptual framework helping researchers to theorize and practitioners to implement corporate management models.

Kompakt-Training Organisation Klaus Olfert, 2016 **Diaconic Entrepreneurship** Frank Fechner, 2021. Aufgrund der Konomisierung des sozialen Feldes ist es für traditionelle Unternehmen auf dem Sozialmarkt schwerer geworden neue soziale Initiativen ins Leben zu rufen. In diese Nischen hinein stoßen Diaconic Entrepreneurs und Diaconic Intrapreneurs mit neuen unternehmerischen Ansätzen. Was hier miteinander verwoben wird ist der genuin diakonische oftmals spontane Gedanke des Helfens gepaart mit unternehmerischem Handeln der in einer Geschäftsidee mindestens variable Finanzierungsquellen ermittelt und mit eigenem Risiko nachhaltig gesellschaftlich relevante Probleme lösen will.
