Ethical and Social Perspectives on Global Business Interaction in Emerging Markets Al-Shammari, Minwir, 2016-02-10 Societal demands, needs and perspectives of ethical and socially responsible behavior within business environments are a driving force for corporate self regulation. As such, executives must consistently work to understand the current definition of ethical business behavior and strive to meet the expectations of the cultures and communities they serve.

Ethical and Social Perspectives on Global Business Interaction in Emerging Markets compiles current research relating to business ethics within developing markets around the world. This timely publication features research on topics essential to remaining competitive in the modern global marketplace such as corporate social responsibility, corporate governance, consumer behavior understanding and ethical leadership and how all of these components attribute to the decision making process in business environments. Business executives and managers, graduate level students and academics will find this publication to be essential to their research, professional and educational needs. [Motivating Language Theory](#) Jacqueline Mayfield, Milton Mayfield, 2017-09-07 This book presents the findings, applications and theoretical underpinnings of a unique leadership communication model, motivating language theory. Drawing from management, social science and communication theories, motivating language theory demonstrates how leader to follower speech improves employee and organizational well-being and drives positive workplace outcomes such as employee performance, retention and job satisfaction in a wide array of settings. It presents an integrated model based on empirical findings and theoretical developments from the past three decades to explore the three dimensions of motivating language: direction, giving language, empathetic language and meaning-making language. It will be a comprehensive source for its empirical relationships, generalizability, theoretical basis and future directions for research and practice.
