*Honest Answers about the Murder of President John F. Kennedy* Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts. Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well. The reader is often left exhausted and confused. The sheer volume of pages, conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63. This book seeks to separate the wheat from the chaff. It is 55 plus years later, it is time for real honest answers in an easy to read and understand format. Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond. Based on years decades of primary source research and having read countless books on the subject.

**Assassination of President John F. Kennedy: The Final Analysis** David W. Mantik, M.D., Ph.D., Jerome R. Corsi, Ph.D., Douglas P. Horne, In this decisive analysis of the JFK assassination medical expert Dr David W Mantik and New York Times bestselling author Jerome R Corsi definitively validate the observations of the physicians at Parkland Hospital who recognized immediately that the wound in JFK's throat and the massive avulsed blow out in the back of his head both involved frontal shots. What distinguishes this book from the myriad of books written on the JFK assassination is that Dr Mantik's optical density measurements of the JFK skull X rays in the National Archives leave no doubt the X rays were altered to disguise evidence of the two frontal shots. With over four decades of experience reading X rays Dr Mantik has examined the JFK assassination materials more than anyone else. Mantik and Corsi present overwhelming testimonial and documentary evidence that proves the Bethesda surgeons performed pre autopsy surgery on JFK's head to remove evidence of the forehead bullet as well as to gain access to his brain and thus sanitize the crime scene by removing bullet fragments and bullet tracks in the brain tissue. The world is starving for objective science. This book contains objective forensic science for which the world will never be ready. If the X rays were doctored the CIA the FBI and the US Secret Service have some questions to answer. The public deserves the final analysis of these issues. James Lyons Weiler PhD The Institute for Pure and Applied Knowledge.

*The Plot to Save South Africa* Justice Malala, 2023-04-04 Superbly reported compelling wonderfully captures the spirit of that time. Financial Times Gripping and important Observer

Nine days that set the course of a nation

---

Johannesburg Easter weekend 1993 Nelson Mandela has been free for three years and is in slow moving power sharing talks with President FW de Klerk when a white supremacist shoots Mandela's popular young heir apparent Chris Hani in the hope of igniting an all out civil war. Will he succeed in plunging South Africa into chaos safeguarding apartheid for perhaps years

to come Or can Mandela and de Klerk overcome their differences and mutual suspicion and calm their followers plotting a way forward In The Plot to Save South Africa acclaimed South African journalist Justice Malala recounts the riveting story of the next nine days never before told in full revealing rarely seen sides of both Mandela and de Klerk the fascinating behind the scenes debates within each of their parties over whether to pursue peace or war and their increasingly desperate attempts to restrain their supporters despite mounting popular frustrations Flitting between the points of view of over a dozen characters on all sides of the conflict Justice Malala offers an illuminating look at successful leadership in action and a terrifying reminder of just how close a country we think of today as a model for racial reconciliation came to civil war

---

A dramatic work of history prodigiously reported and beautifully crafted Justice Malala is a first rate storyteller deftly weaving history with a narrative that reads like a novel I couldn t put it down Jonathan Eig New York Times bestselling author of Ali A Life Magnificent furious and unputdownable Andrew Harding BBC Africa correspondent and author of These Are Not Gentle People *In the Eye of History* Law William,2013-11-01 *Crimes of the Centuries* Steven Chermak Ph.D.,Frankie Y. Bailey,2016-01-25 This multivolume resource is the most extensive reference of its kind offering a comprehensive summary of the misdeeds perpetrators and victims involved in the most memorable crime events in American history This unique reference features the most famous crimes and trials in the United States since colonial times Three comprehensive volumes focus on the most notorious and historically significant crimes that have influenced America s justice system including the life and wrongdoing of Lizzie Borden the bombing of the Sixteenth Street Baptist Church the killing spree and execution of Ted Bundy and the Columbine High School shootings Organized by case the work includes a chronology of major unlawful deeds fascinating primary source documents dozens of sidebars with case trivia and little known facts and an overview of crimes that have shaped criminal justice in the United States over several centuries Each of the 500 entries provides information about the crime the perpetrators and those affected by the misconduct along with a short bibliography to extend learning opportunities The set addresses a breadth of famous trials across American history including the Salem witch trials the conviction of Sacco and Vanzetti and the prosecution of O J Simpson *The Nation* ,1990 **In the Eye of History** William Matson Law,Allan Eaglesham,2004-01-01 Several years ago William Matson Law set out on a personal quest to reachan understanding of the circumstances underpinning the assassination of JohnF Kennedy His investigation began with a key component of the events ofNovember 22 1963 and the days that followed the autopsy on the president s body at the National Naval Medical Center Bethesda Maryland Hecontacted those who were involved at Bethesda in various aspects of the aftermath of the assassination In the Eye of History Disclosures in theJFK Assassination Medical Evidence comprises conversations with eightindividuals who agreed to talk For the first time these eyewitnessesrelate their stories comprehensively in their own words Law allows them to tell it as they remember it without attempting to fit any pro or anti conspiracy agenda The reader is the judge of these

eyewitness accounts and their implications Dennis David describes observing the arrival at Bethesda Naval Hospital of the navy ambulance carrying Jackie Kennedy with the official casket purportedly carrying the president's body some time after he had supervised the unloading of a shipping casket that he'd been told contained the body of the president. A few days after the assassination David describes seeing a secret movie film of the Kennedy autopsy that showed an entry wound in the forehead inconsistent with the official scenario of a lone gunman shooting from behind. Autopsy technician Paul O'Connor helped remove the president's body; he recalls that it was in a body bag from a shipping casket. This contrasts with the placement of the president's body in an ornate casket in Dallas after wrapping only in sheets and towels. O'Connor's associate James Jenkins emerged from the autopsy convinced that the president had been shot from two directions. X-ray technician Jerrol Custer recalled seeing Mrs. Kennedy enter the Naval Hospital having just arrived with her husband's body; yet Custer was on his way to the darkroom to develop X-ray plates already taken of the president's corpse. Ex-FBI Special Agents James Sibert and Frances O'Neill pour scorn on the single bullet theory, the sine qua non of the Warren Report, yet are reluctant to conclude that more than one sniper was involved. Harold Rydberg describes how he illustrated the president's wounds solely from verbal descriptions and provides first-hand impressions of the personalities of the autopsy doctors. Sandra Spencer compares and contrasts the extant photographs from the Kennedy autopsy with those that she developed; the differences are startling. And there is discussion of new information on the 1966 death of William Pitzer, in whose possession Dennis David claims to have seen the secret movie of the Kennedy autopsy. In his foreword Dr. David W. Mantik states: For anyone who wants a first-hand look at that long ago night this is as close as we can now get.
