How To Earn More Than \$100 Making Memes Malik Jordan, 2020-04-06. A useful short, affordable book that teaches you how to earn more money with memes has finally been written. Malik Jordan: My name is Malik McCotter Jordan, but you can call me Malik Jordan. I am the author of this book. **How To Earn More Than 100 Making Memes in 4 Simple Steps** 2020 is quite frankly nothing but a short book showing aspiring professional funny meme creators how to make money on Fiverr.com. Most authors overpromise and under deliver when they write their book introduction. That is not what I am about to do. In this introduction, I will tell you how to earn more than 100 making memes in 4 simple steps. My advice will be practical and straight to the point. Let's Be Honest: Book introductions are basically a form of marketing to get people to buy the book. In this book introduction, I am going to be very transparent with you. I'll be so transparent with you that you may lose interest in this book and choose not to buy it, and that is fine with me. Did I write this introduction to market it to you and to get book sales? The answer is yes, but I do not want just anyone to buy this book. I want this book to be bought by people who are serious about earning money with memes.

Why I Wrote This Book's Introduction I wrote this book's introduction to get sales and weed out the people who would be wasting their time if they bought this book. I am not like all of the other writers out there. I am not desperate for your money. This book is not for everybody, and I knew this before I even began writing it. This is not the book for you if you do not already know how to make memes. This book is for people who already have experience in making memes. This book is for people who would like to know how to go about earning money with their already established meme-creating abilities. This book does not teach you how to make a meme. This book doesn't take more than a week to read, and it isn't expensive at all. **This Book Is Cheap**. For just the low price of 2.99, you can learn how to earn more than 100 making memes. According to CollegeBoard.com, the national average for college textbooks is 1,137 per year. You purchasing this book will be an inexpensive investment in your future, and if you practice the 4 SIMPLE steps in this book, it will pay for itself.

3 Reasons Why This Book Is So Cheap The first reason why this book is so cheap is because most people who would be interested in a book like this are millennials. Millennials are the poorest generation so far. That's why I made this book 2.99 and not 14.99 when I self-published it. The second reason this book is so cheap is because it is SUPER short. Usually when you hear advice that is straight to the point, it is short. The truth is usually short, straight to the point, and simple, just like this book. The third reason why this book is so cheap is because it didn't take a lot of money to write and self-publish this book in the first place. I don't owe a book publishing company money, so I'm not about to charge you over 10 for a book like this.
