

MUSTANG GT

Interchangeable Parts 1979-1993

ENGINE, DRIVETRAIN and SUSPENSION

In 1964 the Mustang was born, it was sporty and youthful, as it went on in its years it became bigger and heavier growing into midsize car in the early 1970's. In its beginnings it shared the Falcon platform, and it tried to regain its youth by sharing the Pinto platform. By 1979 the Mustang was looking to be reborn, and that it found by sharing the Fox body platform. With the original styling of the 'wild horse' before it with a long hood and short decklid. With the ability to easily hold the 5.0 liter 302-ci V-8 it was a favorite with collectors and drag racers alike.

Since it was based of the successful Fox Body chassis that includes the Fairmont and the Thunderbird, this allows the 1979-1993 Mustang to share with its older siblings, which is a great benefit to Mustang owners. When the car was new, the sharing allowed Ford to keep the price down, and today gives a bigger choice of parts, but which ones? With **Mustang GT Parts Interchange**, you will.
