Orange Crush Serge Storms:

Orange Crush Tim Dorsey, 2001-07-03 In his two previous novels Florida Roadkill and Hammerhead Ranch Motel Tim Dorsey rode a thousand mph whirlwind of outrageous violent funny crime through the Sunshine State and delighted readers and critics everywhere. Now he gives us a darkly hilarious megawisted view of politics in the land of the hanging chad. The race is on for the governorship of Florida a bare knuckled fistfight between pro capital punishment House Speaker Gomer Tatum and Marlon Conrad the present occupant of the governor's mansion. The Republicans golden boy handsome unthreatening engaged to the talented ventriloquist Miss Tallahassee 2001 and a loyal unquestioning tool of the powerful special interests Marlon seems a virtual shoo in for reelection. That is until he undergoes a radical personality shift during a bloody military action in the Balkans. There's nothing like staring death in the face for messing with a person's priorities. Now it's just three weeks before the election and Marlon is suddenly talking about issues and reform as he crosses the length and breadth of his home state with an amnesiac speechwriter and a chief of staff who turns catatonic in the presence of minorities. The governor's newfound conscience might well cost him the election though. And it appears that pretty much everybody is trying to kill him. But the incumbent isn't the only one sitting in somebody's rifle sights these days. A murderer affectionately dubbed the Bumper Sticker Killer for the pithy slogans found Magic Markered on the victims bodies is leaving a trail of very deserving corpses from the Panhandle to Biscayne Bay. Nothing however is going to derail democracy in this glorious state not even coast to coast serial slaughter kamikaze journalistic shenanigans the numbingly ordinary prognostications of the real Joe Blow or mayhem at the Million Parrot Head March. And when reemergent Florida folklorist and spree killer Serge A. Storms is thrown into the mix things really start to get interesting. With a warped and manic fury that makes Hiaasen seem serious and Hunter Thompson staid Tim Dorsey does it again rocketing Florida crime fiction forward by colliding death with the political process as madness takes the wheel of the Orange Crush. Florida Studies Claudia Slate, 2009-03-26 Florida was the first region of the United States to be discovered explored and after a fashion settled by Euroamericans Its population in the early 21st century is approaching 17 million Within years the number of people living in the state will surpass those living in New York and the Sunshine State will become the most populous area east of the Mississippi The first book in English about Florida was written by Jean Ribault A French adventurer Ribault established a colony of Huguenots near present day Jacksonville He was captured by the very able Spanish commander Pedro Menendez who ordered his French rival and all his minions killed The state's long and colorful past is matched by its equally long and colorful literary production Strangely critical assessment of Florida literature has lagged far behind With this volume the Florida College English Association has formally begun an effort to correct this lamentable oversight Included are papers on every aspect of Florida literature and history by scholars from every part of the state who are employed in every kind of institution of higher learning Of special interest are the studies of Florida literature in the 19th century and in the late 20th and early 21st centuries areas that are generally ignored in national journals The papers on the contributions of African American literary figures such as Zora Hurston and James Weldon Johnson are noteworthy Of particular interest are the suggestions for teaching Florida studies in the classroom which can be adapted for high school as well as college students
