list of new synonyms and after much flipping back and forth between thesaurus and dictionary finally decide upon an alternative. Neither book by itself provides the full range of word choices. But now The Oxford Dictionary and Thesaurus offers a thoroughly integrated blend of entries from the dictionary and the thesaurus. This unified approach treating meanings and related words within the same entry makes it easy to find in one place an abundance of information about words and provides a far more thorough analysis of the variety and nuances of our language than is possible in a dictionary or thesaurus alone. Oxford's American dictionary staff along with an international team of lexicographers have drawn on the unparalleled lexical resources of Oxford University Press, the world's most respected authority on English language and dictionaries to make The Oxford Dictionary and Thesaurus the most wide-ranging resource available. It includes more than 190 000 definitions and 300 000 synonyms thoroughly integrated for ease of use. Full coverage of English from around the globe braced off merrythought billabong Charles's Wain.
