circumstances to document the European Jewish lives places and ways of living that were being destroyed In pursuing this daunting agenda they made a remarkable decision they would create a museum to memorialize East European Jewry and educate American Jews about this legacy YIVO scholars determinedly pursued this undertaking for several years publicizing the initiative and collecting materials to exhibit However the Museum of the Homes of the Past was abandoned shortly after the war ended With insight and clarity Jeffrey Shandler draws upon the surviving archival sources to tell the story of the purpose development and ultimate fate of the Museum of the Homes of the Past Homes of the Past explores this largely unknown episode of modern Jewish history and museum history and demonstrates that the project even though it was never realized marked a critical inflection point in the dynamic interrelations between Jews in America and Eastern Europe
