Marketing Fashion Karin M. Ekström, 2023-06-16 Fashion as a societal phenomenon has fascinated scholars in different disciplines such as history sociology anthropology psychology and marketing often from an interdisciplinary perspective Fashion mirrors societal changes cultural norms and values over time It can be interpreted as mundane everyday practices constructions of identity and status as well as being associated with the art world In this book the focus lies on marketing and the role of marketers when fashion permeates society in deliberate and subtle ways This edited collection critically reflects upon the power of fashion in contemporary society and the role marketing and marketers play in the process of defining creating and preserving fashion but also in divesting fashion that is no longer up to date It expands on existing knowledge to better understand the role marketers play as cultural agents in determining fashion and its markets Contributors to the book are international advanced scholars from a variety of disciplines such as anthropology marketing psychology and sociology who challenge traditional ways of thinking about marketing In a society where problems with overproduction and excessive consumption represent major challenges the critical perspective of the role fashion plays in contemporary society and what influence marketing has for shaping fashion

are not merely relevant but necessary This cutting edge interdisciplinary book will appeal to scholars across a broad range of fields including fashion marketing fashion studies and consumer culture research It will also be valuable for students in advanced courses of study in a variety of disciplines besides marketing
