

Stem Kits Usa

David Baud

Stem Kits Usa:

The U.S. Technology Skills Gap Gary J. Beach, 2013-07-10 Is a widening skills gap in science and math education threatening America's future That is the seminal question addressed in The U S Technology Skills Gap a comprehensive 104 year review of math and science education in America Some claim this skills gap is equivalent to a permanent national recession while others cite how the gap threatens America's future economic workforce employability and national security This much is sure America's math and science skills gap is or should be an issue of concern for every business and information technology executive in the United States and The U S Technology Skills Gap is the how to get involved guidebook for those executives laying out in a compelling chronologic format The history of the science and math skills gap in America Explanation of why decades of astute warnings were ignored Inspiring examples of private company efforts to supplement public education A pragmatic 10 step action plan designed to solve the problem And a tantalizing theory of an obscure Japanese physicist that suggests America's days as the global scientific leader are numbered Engaging and indispensable The U S Technology Skills Gap is essential reading for those eager to see America remain a relevant global power in innovation and invention in the years ahead

Communicating Science to the Public Leo Tan Wee Hin, R. Subramaniam, 2014-07-24 This book explores effective approaches for communicating science to the public in developing countries Offering multiple perspectives on this important topic it features 17 chapters that represent the efforts of 23 authors from eight countries Australia Bangladesh India Ireland New Zealand USA Singapore and South Africa Inside readers will find a diversity of approaches to communicate science to the public The book also highlights some of the challenges that science communicators science policy makers science teachers university academics in the sciences and even entrepreneurs may face in their attempts to boost science literacy levels in their countries In addition it shares several best practices from the developed world that may help readers create communication initiatives that can lead to increased engagement with science in communities in the Asia Pacific region and beyond Given the pervasive influence of science and technology in today's society their impact will only increase in the years to come as the world becomes more globalized and the economies of countries become more inter linked This book will be a useful source of reference for developing countries looking to tap into the potential of science for nation building and effectively engage their communities to better understand science and technology Supported by the Pacific Science Association Hawaii

The U.S. Department of Education's Gender Equity Expert Panel United States. Department of Education. Gender Equity Expert Panel, 2001 The U S Department of Education developed the Gender Equity Expert Panel to identify promising and exemplary programs that promote gender equity in and through education This panel of experts reviewed self nominated programs to determine whether they met four criteria evidence of success effectiveness in promoting gender equity quality of the program educational significance and usefulness to others replicability Submitted for review during the review cycle from 1996-99

were 100 gender equity products programs and policies Eleven exemplary and promising programs are recommended here The updated reviews in this report provide descriptive and evaluative information on the 11 programs one recommended as exemplary and 10 as promising The 11 summary reviews in the report are grouped into four topics areas that generally correspond to expert subpanels gender equity in vocational technical education and school to work gender equity in mathematics science and technology prevention of violence and sexual and racial harassment in higher education and gender equity in teacher education and professional development BT
