Nguyen, Elizabeth Hull Barnes, Laura Wentworth, 2023-05-03 Create a pathway to equity by detracking mathematics The
tracked mathematics system has been operating in US schools for decades However research demonstrates negative effects
on subgroups of students by keeping them in a single math track thereby denying them access to rigorous coursework
needed for college and career readiness The journey to change this involves confronting some long standing beliefs and
structures in education When supported with the right structures instructional shifts coalition building and educator training
and support the detracking of mathematics courses can be a primary pathway to equity The ultimate goal is to increase more
students access to and achievement in higher levels of mathematics learning especially for students who are historically
marginalized Based on the stories and lessons learned from the San Francisco Unified School District educators who have
talked the talk and walked the walk this book provides a model for all those involved in taking on detracking efforts from
policymakers and school administrators to math coaches and teachers By sharing stories of real world examples lessons
learned and prompts to provoke discussion about your own context the book walks you through Designing and gaining
support for a policy of detracked math courses Implementing the policy through practical shifts in scheduling curriculum
professional development and coaching Supporting and improving the policy through continuous research monitoring and
maintenance This book offers the big ideas that help you in your own unique journey to advance equity in your school or
district s mathematics education and also provides practical information to help students in a detracked system thrive

of students Labels contribute to student identity and agency And labels can have a negative effect beyond the classroom It s
crucial then that teachers remove labels and focus on students strengths but this takes real work at an individual classroom
and schoolwide scale Removing Labels urges you to take an active approach toward disrupting the negative effects of labels
and assumptions that interfere with student learning This book offers 40 practical replicable teaching techniques all based in

research and best practice that focus on building relationships restructuring classroom engagement and management and understanding the power of social and emotional learning Suggestions for actions on an individual classroom and schoolwide level Ready to go tools and student facing printables to use in planning and instruction Removing Labels is more than a collection of teaching strategies it s a commitment to providing truly responsive education that serves all children When you and your colleagues take action to prevent negative labels from taking hold the whole community benefits **Catalog of Copyright Entries.
