Language Testing Tim McNamara,Carsten Roever,2006-11-10

Winner of the SAGE ILTA Award for Best Book on Language Testing 2009 This volume focuses on the social aspects of language testing including assessment of socially situated language use and societal consequences of language tests The authors argue that traditional approaches to ensuring social fairness in tests go some way to addressing social concerns but a broader perspective is necessary to examine the functions of tests on a societal scale Considers these issues in relation to language assessment in oral proficiency interviews and to the assessment of second language pragmatics Argues that traditional approaches to ensuring social fairness in tests go some way to addressing social concerns but a broader perspective is necessary if we are to fully understand the social dimension of language assessment

Fairness, Justice and Language Assessment Tim McNamara,Ute Knoch,2019-02-21

This book has two goals each related to the validity of language assessment The first goal is to explore the difference between fairness and justice in language assessment The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment immigrant status citizenship and other rights The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics in particular the models collectively known as Rasch measurement This book will have an enormous impact on the field of language assessment Using Rasch analysis models to explore and identify sources of unfairness the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results A real strength of the book is that it guides readers through analytical techniques in an accessible way Dan Douglas Professor Emeritus Applied Linguistics Program Iowa State University
