How Communication Affects

- Communication can shorten the distance between the communicators and the information itself.
Because information is open.

• Information can be communicated

When the communicators have the same background and the same language they can communicate more efficiently.
When the communicators have different backgrounds and languages they can communicate more inefficiently.

When there is more information available the communicators can communicate more efficiently.

When there is less information available the communicators can communicate more inefficiently.

• Communication

- There are two main types of communication

• Communication can be written

- Written communication can communicate information more precisely, more clearly, more directly, more efficiently, more widely, more cheaply, more permanently and more widely than any other method.
