 Scott,Canadian Archives Foundation,2002-02-11 Fire flood earthquake vandalism a terrorist attack the issues of safety
 measures emergency response and disaster recovery have now become an important part of the planning strategies for most
 organizations For the information organization such as a library archives or record center this responsibility has taken on
 new dimensions with the proliferation of various forms of electronic media The authors take the approach that disaster
 recovery planning must touch every department of an organization and that emergency response must be a carefully mapped
 strategy This broad based approach to integrated disaster planning explains each phase of disaster planning with chapters
 covering prevention planning protection planning preparedness planning response planning and recovery planning The
 authors consider collections records facilities and systems and include a chapter on post disaster planning as well The
 authors also cover federal and local assistance programs and list other sources for financial assistance Although the main
 thrust of the book is the protection of documents human safety in case of disaster is stressed explicitly and implicitly
