**The Palgrave Handbook of FinTech and Blockchain** Maurizio Pompella, Roman Matousek, 2021-06-01 Financial services technology and its effect on the field of finance and banking has been of major importance within the last few years. The spread of these so called disruptive technologies including Blockchain has radically changed financial markets and transformed the operation of the industry as a whole. This is the first multidisciplinary handbook of FinTech and Blockchain covering finance, economics and legal aspects globally. With comprehensive coverage of the current landscape of financial technology alongside a forward looking approach, the chapters are devoted to the spread of structured finance, ICT, distributed ledger technology, DLT, cybersecurity, data protection, artificial intelligence and cryptocurrencies. Given an unprecedented 2020, the contributions also address the consequences of the current emergency and the pandemic stroke which is revolutionizing social and economic paradigms and heavily affecting Fintech, Blockchain and the banking sector as well and would be of particular interest to finance academics and researchers alongside banking and financial services professionals.

**A Start-Up's Definitive Guide to Failure** Carsten A. Lexa, Émilie Nollet, 2025-01-16 Seven out of ten start-ups fail. The reasons for failure are well known. Yet founders often fail to approach the topic of failure with the seriousness and commitment it deserves. This book aims to change that and offers a new approach for founders to drive their start-up off a cliff. Structured as a how-to guide to failure, it highlights the most common mistakes founders make, explains where they come from and illustrates them with real-life examples. The goal of the book is to help founders make the right mistakes in order to

fail more efficiently and perhaps help them avoid making these mistakes in the first place The book includes an interview with German start up legend Prof G nter Faltn     Artificial Intelligence Arthur G.O.
