How Walmart Inc can successfully enter Singapore market Difrine Madara,2020-12-09 Academic Paper from the year 2020 in the subject Communications Public Relations Advertising Marketing Social Media grade A Kenyatta University course International Marketing language English abstract Singapore is the most developed economy in the Southeast Asia region with a GDP per capita of more than 90000 The country has a well developed retail sector buoyed with strong consumer base high disposable incomes high literacy rates and its strategic location This presented a review of macro environment competitive and SWOT analyses of the Singapore s retail industry to determine how Walmart Inc can successful enter the market The review found that the strength of Singapore lies on its favorable business laws and regulations business friendly tax rates and high disposable incomes among Singaporeans Singapore is also highly developed in terms of physical infrastructure and serves as one of the busiest air traffic and sea port hubs in the world The high disposable income and economic freedom makes it hugely attractive for retail business like Walmart Stable political climate and socio cultural diversity also attracts new businesses to the country

However the study found that corona virus pandemic and high labour and rental costs posed the biggest threats to Singapore retail industry Nonetheless the paper suggests adoption of franchising market entry strategy as the most appropriate Franchising is the most appropriate approach due to low costs and reduced risks of failure To be successful the retailer must select a franchisee of good reputation and with a shared vision Lastly Walmart can select a franchisee and prepare to enter Singapore market after country opens up for business in the aftermath of the current pandemic
