Monasticism in Modern Times Isabelle Jonveaux, Stefania Palmisano, 2016-10-14 This book presents a broad sociological perspective on the contemporary issues facing Christian monasticism. Since the founding work of Max Weber the sociology of monasticism has received little attention. However, the field is now being revitalized by some new research. Focusing on Christian monks and nuns the contributors explore continuity and discontinuity with the past in what superficially might appear a monolithic tradition. Contributors speak not only about monasticism in Europe and the United States but also in Africa and Latin America a different landscape where the question of recruitment does not figure among issues considered as problematic.

Religious and Theological Abstracts, 2007 *The Oxford Handbook of Digital Religion* Campbell, 2023-11-15 Digital Religion refers to the contemporary practice and understanding of religion in both online and offline contexts and how these contexts intersect with each other. Scholars in this growing field recognize that religion has been influenced by its engagement with computer mediated digital spaces including not only the Internet but other emerging technologies such as mobile phones, digital wearables, virtual reality and artificial intelligence. The Oxford Handbook of Digital Religion provides a comprehensive overview of religion as seen and performed through various platforms and cultural spaces created by digital technology. The text covers religious interaction with a wide range of digital media forms including social media, websites, gaming environments, virtual and augmented realities and artificial intelligence and highlights examples of technological engagement and negotiation within the major world religions i.e. Buddhism, Christianity, Hinduism, Islam and Judaism. Additional sections cover the global manifestations of religious community identity, ethics and authority with a final group of chapters addressing emerging technologies and the future of the field. Because of the interdisciplinary nature of the project the Handbook is led by co editors representing the humanistic and social scientific fields of religious studies and communication though both also have experience in how those disciplines intersect.

Anglican Church Directory, 2008 *Introduction to Sociology* James J. Teevan, Warren Edward Hewitt, 2005 *The Canadian Monthly and National Review*, 1876 *Caught in the Current* Sam Reimer, 2023-04-15 Evangelical Christianity is known for its defence of traditional Christian teachings and resistance to liberalizing trends. Many Western evangelicals themselves do not yet realize how their faith is being reshaped by the modern zeitgeist. Caught in the Current explores how and why Western evangelicals are changing. Church attendance is declining, conservative moral positions are unpopular and young people are drifting away from the faith. Evangelism is avoided, so few are joining congregations. Yet these surface changes are only symptoms of a more profound shift that church leaders have not fully apprehended. Drawing upon 125 interviews with British and Canadian clergy and active laity, Sam Reimer argues that evangelicals have been deeply influenced by a post Christian culture that has rejected institutional religious authority and embraced self spirituality. As individual evangelicals struggle to navigate these waters and to distance themselves from politicized evangelicalism in the

United States they are caught between conformity and resistance between faithfulness to church moral teachings and accommodation of secular values Many are responding by turning inward to define their Christian beliefs for themselves The ironic result is that the decline of institutional religious authority is not happening just in Western culture but within evangelical churches as well Caught in the Current is an insightful and nuanced assessment of how British and Canadian evangelicals are navigating a post Christian culture often in ways that are distinct from how their counterparts in the United States approach it **Catholic Press Directory** ,2000 **Journal of Canadian Studies** ,1983 **Fulltext Sources Online** ,2006 **Death and Mourning Processes in the Times of the Coronavirus Pandemic (COVID-19)** Lydia
