Inference Practice

Read each passage. Then, use clues in the text to answer each question using inference!

Caleb watched each member of his team slip silently into place. They would not make any mistakes — not this time. All the clues pointed to the notorious bank robbers arriving at this location in just a few hours, and every part of the sting operation had to go perfectly. If a single cough or sneeze gave away the team's presence, the clever thieves would disappear in a matter of seconds. Even now, Caleb cringed when he remembered the clumsy error that had cost them the arrests last time. That failure had made them go over every detail of their new plan until Caleb knew it was perfect. Nothing would go wrong this time.

___ 1. Where is Caleb?

- a. a police station
- b. a courtroom
- c. a bank
- d. a store

___ 2. What happened the last time they tried to catch the thieves?

- a. Their information was wrong.
- b. The thieves got away.
- c. They caught the thieves.
- d. They made a perfect plan.

Which words tell you that Caleb

One day a tired crow stopped to rest in a farm yard. Her throat was parched, so she looked around for a drink, but to her dismay, there wasn't a pond, puddle, or water pail anywhere! Only an old pitcher sat on a windowsill.

She fluttered over to peek inside and her heart sank. The water was so far down that her short beak could never reach it. She was about to give up and fly on when her eyes fell on some pebbles.

Perhaps if she could fill the pitcher, the water would rise! She scooped up a pebble and dropped it in. Then she found another and another.

Ten minutes later, she reached into the full pitcher and sipped cool water. Nothing had ever tasted so good!

___ 6. Why is the pitcher almost empty?

- a. Someone already drank most of the water.
- b. Someone spilled the water.
- c. The water is meant for a long-beaked bird.
- d. Birds are not allowed to drink from it.

___ 7. What clue shows how hard the task is?

- a. "Only one old pitcher sat on a windowsill"
- b. "She was about to give up and fly on"
- c. "She scooped up a pebble and dropped it in"
- d. "Then she found another and another"

Which words best describe the crow?

Online Reading Activities For Middle School:

Handbook of Research on Literacy and Diversity Lesley Mandel Morrow, Robert Rueda, Diane Lapp, 2010-11-03 This is the first research handbook to address all dimensions of diversity that have an impact on literacy achievement. Leading experts examine how teaching and learning intersect with cultural and language differences and socioeconomic disparities in today's increasingly diverse schools and communities. The volume weaves compelling research findings together with theory, policy considerations, and discussions of exemplary instructional practices. It offers fresh perspectives on such topics as family literacy, multiliteracies, drawing on cultural resources in the classroom, factors that promote success in high-poverty schools, equity issues, and ways to teach specific literacy skills. The concluding section provides crucial recommendations for teacher preparation and professional development.

Handbook of Research on Reading Comprehension, Second Edition Susan E. Israel, 2017-01-02 This edition provides a transformative snapshot of reading comprehension as a field of study at a seminal moment. It maintains the same high level of standards with respect to 1) historical perspectives useful for laying the foundation of study on reading comprehension, 2) theoretical perspectives that allow the reader to consider different views on how specific areas have evolved since the first edition, 3) excellent chapters on various elements of reading comprehension, including major research studies in assessment, cultural impacts of reading comprehension issues affecting English language learners, and consideration of international populations, and 4) identification of future research needs to help raise important questions and stimulate possible hypotheses for future research.

Comprehension Instruction, Second Edition Cathy Collins Block, Sheri R. Parris, 2008-04-22 This comprehensive professional resource and text is based on cutting-edge research. In each chapter, leading scholars provide an overview of a particular aspect of comprehension, offer best practice instructional guidelines, and policy recommendations, present key research questions still to be answered, and conclude with stimulating questions for individual study or discussion. Coverage includes such timely topics as differentiated instruction, technology, and reading comprehension teaching, English language learners, and the implications of current neuroscientific findings.
