Chiru,Cristina Ivan,2023-11-17 This interdisciplinary Handbook provides an in depth analysis of the complex security phenomenon of disinformation and offers a toolkit to counter such tactics Disinformation used to propagate false inexact or out of context information is today a frequently used tool of political manipulation and information warfare both online and offline This Handbook evidences a historical thread of continuing practices and modus operandi in overt state propaganda and covert information operations Further it attempts to unveil current methods used by propaganda actors the inherent vulnerabilities they exploit in the fabric of democratic societies and last but not least to highlight current practices in countering disinformation and building resilient audiences The Handbook is divided into six thematic sections The first part provides a set of theoretical approaches to hostile influencing disinformation and covert information operations The second part looks at disinformation and propaganda in historical perspective offering case study analysis of disinformation and the third focuses on providing understanding of the contemporary challenges posed by disinformation and hostile influencing The fourth part examines information and communication practices used for countering disinformation and building resilience The fifth part analyses specific regional experiences in countering and deterring disinformation as well as international policy responses from transnational institutions and security practitioners Finally the sixth part offers a practical toolkit for practitioners to counter disinformation and hostile influencing This handbook will be of much interest to students of national security propaganda studies media and communications studies intelligence studies and International Relations in general

*Political Technology* Andrew Wilson,2023-12-14 Political technology is a Russian term for the professional engineering of politics It has turned Russian politics into theatre and propaganda and metastasised to take over foreign policy and weaponise history The war against Ukraine is one outcome In the West spin doctors and political consultants do more than influence media or run campaigns they have also helped build parallel universes of alternative political reality Hungary has

used political technology to dismantle democracy The BJP in India has used it to consolidate unprecedented power Different countries learn from each other Some types of political technology have become notorious like troll farms or data mining but there is now a global wholesale industry selling a range of manipulation techniques from astroturfing to fake parties to propaganda apps This book shows that political technology is about much more than online disinformation it is about whole new industries of political engineering
