The Routledge Companion to Digital Journalism Studies Scott A. Eldridge II, Bob Franklin, 2016-11-18 The Routledge Companion to Digital Journalism Studies offers an unprecedented collection of essays addressing the key issues and debates shaping the field of Digital Journalism Studies today Across the last decade journalism has undergone many changes which have driven scholars to reassess its most fundamental questions and in the face of digital change to ask again Who is a journalist and What is journalism This companion explores a developing scholarly agenda committed to understanding digital journalism and brings together the work of key scholars seeking to address key theoretical concerns and solve unique methodological riddles Compiled of 58 original essays from distinguished academics across the globe this Companion draws together the work of those making sense of this fundamental reconceptualization of

journalism and assesses its impacts on journalism's products, its practices, resources and its relationship with audiences. It also outlines the challenge presented by studying digital journalism and more importantly offers a first set of answers. This collection is the very first of its kind to attempt to distinguish this emerging field as a unique area of academic inquiry. Through identifying its core questions and presenting its fundamental debates, this Companion sets the agenda for years to come in defining this new field of study as Digital Journalism Studies, making it an essential point of reference for students and scholars of journalism.

The Routledge Handbook of Magazine Research David Abrahamson, Marcia R. Prior-Miller, 2015-06-05. Scholarly engagement with the magazine form has in the last two decades produced a substantial amount of valuable research. Authored by leading academic authorities in the study of magazines, the chapters in *The Routledge Handbook of Magazine Research* not only create an architecture to organize and archive the developing field of magazine research but also suggest new avenues of future investigation. Each of 33 chapters surveys the last 20 years of scholarship in its subject area, identifying the major research themes, theoretical developments and interpretive breakthroughs. Exploration of the digital challenges and opportunities which currently face the magazine world are woven throughout, offering readers a deeper understanding of the magazine form as well as of the sociocultural realities it both mirrors and influences. The book includes six sections: Methodologies and structures presents theories and models for magazine research in an evolving global context; Magazine publishing: the people and the work introduces the roles and practices of those involved in the editorial and business sides of magazine publishing; Magazines as textual communication surveys the field of contemporary magazines across a range of theoretical perspectives; subjects, genre and format questions; Magazines as visual communication explores cover design, photography, illustrations and interactivity; Pedagogical and curricular perspectives offers insights on undergraduate and graduate teaching topics in magazine research; The future of the magazine form speculates on the changing nature of magazine research via its environmental effects, audience and transforming platforms.

Journalism Online Mike Ward, 2013. *Journalism Online* tackles the pressing question of how to apply fundamental journalism skills to the online medium. It provides an essential guide to the Internet as a research and publishing tool. In particular, it examines how to forge key journalism skills with the distinctive qualities of the World Wide Web to provide compelling web content. Trainee and practicing online journalists will learn core journalism skills of identifying, collecting, selecting and presenting news and information; multimedia skills such as audio recording and editing; online research methods including use of search tools, newsgroups and listservs; story construction and writing for the Web; an introduction to HTML web site design for the effective use of content. *Journalism Online* takes the best of the new and old media to provide an essential primer for this emerging discipline. Leading web designers such as Jakob Nielsen rub shoulders with established journalists like Harold Evans in the search for clear guidance in this rapidly developing field. It also provides a useful insight for non-news organisations into how to prepare and present effective web content and avoid the deepest
