McMafia A Journey Through The Global Criminal Underworld:

McMafia Misha Glenny, 2008-04-08 Misha Glenny's groundbreaking study of global organized crime is now the inspiration for an 8 part AMC crime drama starring James Norton War and Peace Juliet Rylance and David Strathairn With the collapse of the Soviet Union the fall of the Berlin Wall and the deregulation of international financial markets in 1989 governments and entrepreneurs alike became intoxicated by dreams of newly opened markets But no one could have foreseen that the greatest success story to arise from these events would be the worldwide rise of organized crime Today it is estimated that illegal trade accounts for one fifth of the global GDP In this fearless and wholly authoritative investigation of the seemingly insatiable demand for illegal wares veteran reporter Misha Glenny travels across five continents to speak with participants from every level of the global underworld police victims politicians and even the criminals themselves What follows is a groundbreaking propulsive look at an unprecedented phenomenon from a savvy street wise guide *McMafia*

Misha Glenny, 2009 **Global Criminal and Sovereign Free Economies and the Demise of the Western Democracies**

Robert J. Bunker, Pamela Ligouri Bunker, 2014-09-15 Much has been written about the many economic benefits of globalization and the triumph and spread of democratic liberalism with the end of the Cold War following the demise of the Soviet Union This work takes issue with such wine and roses perspectives about the future of the Western democracies and their faith based views on the moral purity of a globalized marketplace It also questions many of the assumptions found in the status quo reinforcing discipline of international political economy IPE a discipline that focuses on the formal and legitimate economies and the facade they present that international relations and commerce is still dominated and dictated solely by the old Westphalian state centric system Having highlighted these concerns this book looks at two major themes The first theme focuses on the theoretical perception that a Dark Renaissance is taking place globally one in which the Western liberal democracies and its citizens are ill prepared to respond because it exists at the trans civilization level bridging the modern to the post modern world The second theme focuses on the actual process of state deconstruction that is taking place This process is leading to what may become the very undoing of the democracies Drawing together experts from a variety of backgrounds this work explores the increasing shift away from formal based capitalism and evaluates through case studies how different states are responding to the challenges they face This work will be of great interest to students and scholars of international political economy **Organized Crime in Our Times** Jay S. Albanese, 2014-09-25 Provides readers with an

Intelligence Sharing, Transnational Organized Crime and Multinational Peacekeeping Diane E.

Chido, 2017-12-12 This book describes the problems of intelligence sharing among peacekeeping partners mainly due to security concerns and a lack of policies and resources The study posits that the current emphasis on violent extremism as a

driver of conflict is misplaced as TOC is a more pervasive cause creating and exacerbating instability to increase its markets and capabilities and is an essential funding stream for violent extremists The book identifies approaches to future missions emphasizing training and resourcing for analysts in the field *Organized Crime* Jay S. Albanese, 2014-11-20 *Organized Crime From the Mob to Transnational Organized Crime* Seventh Edition provides readers with a clear understanding of organized crime including its definition and causes how it is categorized under the law models to explain its persistence and the criminal justice response to organized crime including investigation prosecution defense and sentencing This book offers a comprehensive survey including an extensive history of the Mafia in the United States a legal analysis of the offenses that underlie organized crimes specific attention to modern manifestations of organized crime activity such as human smuggling Internet crimes and other transnational criminal operations and the application of ethics to the study of organized crime A new section has been added on threat assessment in organized crime Chapters are enhanced by updated photos tables charts and critical thinking exercises that help students apply concepts to actual organized crime cases Every chapter includes two student friendly special features *Organized Crime Biography* and *Organized Crime at the Movies* A glossary gives students a quick reference for looking up important definitions of organized crime related terms and a Timeline of Organized Crime in the United States highlights important events in the history of organized crime *An Economic History of Organized Crime* Dennis M. P.
