## Meal Prep Ideas How To:

*Good Meal Prep Ideas For Beginners and Dummies* Barbara Dawson, 2020-08-18 Meal prepping is making a meal or recipe then portioning it out to grab and go meals for later. If you've ever kept your leftovers from dinner to take with you for lunch the next day then you've already mini meal prepped. Generally though meal prepping refers to making 3-7 days worth of food at a time. Think of it like keeping your lunches for the week all at once instead of keeping your lunch for the morning. You can use this same technique for breakfast, lunch, dinner, and snacks. Meal prepping involves no extra waste and reduces time to eat outside your home whether that's at a restaurant or a budget. When keeping your meal plan for the day, the first question is how long you'll want to eat homemade meals without having to do it every day. Meal prepping is not for everyone. It is good for the value of convenience and for more than just variety. With meal prepping you generally eat the same thing for a few days in a row so you don't look at leftovers or get bored with food. Meal prepping is not for you if having variety is what you're maximizing your time and budget is more valuable to you than eating something different every day. Meal prepping is not for you if you generally don't see a meal for the month or maybe one other person doing a whole month. Meal prepping for a whole month would be quite difficult but the more you do it the more you'll learn. A food item is stored in the refrigerator for a long time in a slow motion. In addition to the way food is packed, the individual nuances of your refrigerator can impact the quality of your refrigerated meal. Sometimes the flavor is not acceptable, the texture is different, or the food is not as good as when it was first prepared. Always begin with the refrigerator guidelines but the FDA and the value of them go against your own preferences. In general, I don't like to eat more than five days worth of food but I find that about five days of food is a good balance for me.
