The Environment Hofstra University, 1994-10-26 Increasingly the planet is threatened by a wide variety of real and potential complex environmental problems including the warming of the earth the loss of biodiversity, waste mismanagement, deforestation, desertification, hazardous waste disposal, acid precipitation and pollution of many sorts. Although many of these problems are global in scope they are sometimes best addressed at local levels where the relationships between cause and effect may be best understood. This interdisciplinary volume brings together leading environmentalists and public policy makers in science, law, economics, business and government who explore the connections among global environmental issues and the local initiatives needed to address those issues. The volume begins with an overview of fundamental issues including the problems of economic development and safe guarding the environment. Air quality issues are examined next followed by ocean and landbased sources of marine pollution, coastal preservation, water quality, nuclear power, environmental health and information and a review of social and cultural perspectives. For those beginning their examination of environmental concerns the volume provides an understandable introduction to the full spectrum of current issues for the expert the book offers an accurate view of current thinking on the problems.

MEED. MEDDLE EAST ECONOMIC DIGEST. VOL. 23. NO 44. , **The Best Art in the World** Noah Becker, Michael Maizels, 2025-08-12
Founded in 2005 Whitehot Magazine has become one of the leading channels for contemporary art criticism. Since its inception Whitehot has published thousands of reviews covering art from the United States, East Asia, the Middle East, Africa and South America, with key pieces authored by critical luminaries including Anthony Haden Guest, Donald Kuspit and Phoebe Hoban. The magazine is also uniquely independent in its editorial voice. Unlike other large art world publications, Whitehot is owned and managed by its founding editor rather than by a media holding company. On the occasion of its upcoming 20th anniversary, founder Noah Becker and contributor Michael Maizels have compiled a critical anthology of the magazine's writings. The selected articles not only encapsulate the storied history of Whitehot but also provide a significant window into the evolution of art practice and art criticism since the turn of the Millennium.
