Its scholarship is impeccable, its style direct and approachable, and its format engaging and complete, with visual examples and a collection of sidebar material that complements the main discussions. With the ever-increasing role of media in both reporting crime and shaping it into infotainment, the importance of the interplay between contemporary media and the criminal justice system is greater today than ever before. Unit One provides an overview of the major conceptual tools used by media and crime scholars. Dedicated readings explore the concept of globalization to contextualize the study of crime, copycat crime, moral panic, the debate surrounding the influence of violent media content on violent behavior, and more. Unit Two examines common crime narratives in the news, media, and popular culture. Students read about the over-inflation of crime statistics, actors and institutions within the criminal justice system, and television news coverage of corporate crime. The final unit explores how political processes and media narratives combine to either deepen or hinder our democratic values. Dedicated readings speak to the political economy of media ownership, how mass media often reinforces criminal stereotypes about Black Americans, the rise in feminism in the horror genre, and more. Media Crime and Criminal Justice is ideal for courses in criminal justice, criminology, communications, cultural studies, and sociology.
