Media Planning Guide Malaysia 2013:

Malaysian Politics in the New Media Age Pauline Pooi Yin Leong, 2019-08-21 This book provides a comprehensive overview of the impact of the Internet on Malaysian politics and how it has played a pivotal role in influencing the country's political climate. It lays out the background of Malaysia's political history and media environment and addresses the ramifications of mediaisation for the political process including political public relations, advertising, and online campaigns. The book examines the Internet's transformative role and effect on Malaysian democracy as well as its consequences for political actors and the citizenry such as the development of cyber warfare and the rise of propaganda or fake news in the online domain. It also investigates the interplay between traditional and new media with regard to the evolution of politics in Malaysia, especially as a watchdog on accountability and transparency, and contributes to the current discourse on the climate of Malaysian politics following the rise of new media in the country. This book is particularly timely in the wake of the 2018 Malaysian general election and will be of interest to students and researchers in communications, politics, new media, and cultural studies.

Regime Resilience In Malaysia And Singapore Greg Lopez, Bridget Welsh, 2022-11-08 Prominent scholars across the political divide and academic disciplines analyse how the dominant political parties in Malaysia and Singapore, United Malays National Organisation (UMNO) and the People's Action Party (PAP), have stayed in power. With a focus on developments in the last decade and the tenures of Prime Ministers Najib Tun Razak and Lee Hsien Loong, the authors offer a range of explanations for how these regimes have remained politically resilient.

Discursive Approaches to Politics in Malaysia Kumaran Rajandran, Charity Lee, 2023-01-01 This open access book examines Malaysian politics using a linguistic perspective. It explores how language serves to de-legitimise governance and its subsequent policies and activities in Malaysia. Grounded in discourse studies, this edited volume presents research on the discourses produced by and on Barisan Nasional, Pakatan Harapan, and Perikatan Nasional from 2008 to 2020, studying how political actors de-legitimise their governance through discursive means. The thirteen original chapters select spoken, print, and digital texts in English, Malay, Mandarin, and Tamil and deploy varied theoretical and methodological approaches. Their linguistic analysis unearths the language features and strategies that facilitate de-legitimation. It shows how political actors shape the discursive representation and evaluation of multiple concerns in Malaysia. Consequently, *Discursive Approaches to Politics in Malaysia: Legitimising Governance* improves our understanding of contemporary Malaysian political discourse. It is of interest to graduates and researchers in the field of discourse studies seeking to understand the discursive contours of politics in this developing Asian country.
