    Prosser,H. V. Grey,1992      *Technically Speaking - Talks on Technical Diving* Simon Pridmore,2023-02-06 Technically  
    Speaking Talks on Technical Diving Volume 1 Genesis and Exodus is the latest book from best selling Scuba series author  
    Simon Pridmore It is a series of themed talks telling the early history of technical diving where it came from how it developed  
    how it expanded across the world who the important movers were and how in the decade from 1989 to 1999 the efforts of a  
    few determined people changed scuba diving forever These ten years saw the greatest shake up the sport has ever seen but  
    technical diving s road to universal acceptance was anything but smooth many obstacles had to be overcome and there were  
    times when even viewed in retrospect it seemed that its advocates might fail in their mission Ultimately success came down  
    to perseverance people power good timing and more than a little luck Technical diving trailblazer Kevin Gurr comments  
    Simon has completed a complex task with consummate skill and has accurately unravelled the when s the who s and some of  
    the why s much of which would have been unjustifiably lost in the mists of time if not for this work Thank you Simon for  
    capturing the memory of lost and surviving friends for detailing one of diving s most pioneering eras and for helping others  
    and myself remember how much fun it all was And Oztek and Tekdive convenor David Strike writes Charting the growth and  
    development of an aspect of diving that ranks as one of the most important in the entire history of underwater developments  
    and with comprehensive and detailed appendices Simon Pridmore s Technically Speaking breaks the mould of dry as dust  
    historical reference works It sets the record straight on many of the myths and misconceptions that continue to surround the  
    development of technical diving and does so in an engaging way Author Simon Pridmore has been at the sharp end of the  
    scuba diving industry for 30 years working as a guide divemaster instructor instructor trainer and instructor trainer trainer
