runoff accidents occurred in which a total of seven people died The seemingly high incidence of similar fatal accidents
aroused public and Congressional concern about the potential magnitude of the wheel separation problem In November 1991
the Safety Board initiated a special investigation to determine the magnitude of the wheel separation problem the types and
causes of failures and the adequacy of current truck wheel inspection and maintenance guidance and procedures The
Federal Highway Administration s Office of Motor Carriers and the National Highway Traffic Safety Administration assisted
the Safety Board in the review of accident and inspection records As a result of this special investigation the National
